Should you receive more than one proxy card or voting instruction form because your shares are held in multiple accounts or registered in different names or addresses, please sign, date and return each proxy card or voting instruction form to ensure that all of your shares are voted. You may revoke your proxy at any time prior to the Annual Meeting. If you attend the Annual Meeting and vote by ballot, your proxy will be revoked automatically and only your vote at the Annual Meeting will be counted.

PROXY STATEMENT

These proxy materials and the enclosed proxy card are being furnished to holders of the common stock, par value \$.001 per share, of U.S. Auto Parts Network, Inc., a Delaware Corporation (the “Company”) in connection with the solicitation of proxies by the Board of Directors of the Company (the “Board of Directors” or the “Board”), to be voted at the 2010 Annual Meeting of Stockholders to be held on April 27, 2010 and at any adjournment or postponement of the meeting (the “Annual Meeting”). The Annual Meeting will be held at 9:30 a.m. Pacific Time at the offices of the Company located at 17150 Margay Avenue, Carson CA 90746 (Building 3). These proxy solicitation materials are expected to be mailed on or about April 5, 2010 to all stockholders entitled to vote at the Annual Meeting.

Purpose of Meeting

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of the Annual Meeting of Stockholders (the “Notice”) and are described in more detail in this proxy statement.

Voting; Quorum

The record date for determining those stockholders who are entitled to notice of, and to vote at, the Annual Meeting has been fixed as March 8, 2010. Only stockholders of record at the close of business on the record date are entitled to notice of and to vote at the Annual Meeting. Each share of our common stock entitles its record holder to one vote on all matters subject to a stockholder vote. As of the record date 30,146,572 shares of our common stock were outstanding and no shares of our preferred stock were outstanding.

The presence at the Annual Meeting, either in person or by proxy, of holders of a majority of the outstanding shares of our common stock entitled to vote will constitute a quorum for the transaction of business at the Annual Meeting. If a quorum is not present, the Annual Meeting will be adjourned until a quorum is obtained.

In the election of directors under Proposal One, the two nominees receiving the highest number of affirmative votes of our common stock, present or represented by proxy and entitled to vote at the Annual Meeting, will be elected. With regard to Proposal Two, the affirmative vote of the holders of a majority of our common stock present or represented by proxy and entitled to vote at the Annual Meeting is being sought.

All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes (i.e., shares held by a broker or nominee that are represented at the Annual Meeting, but with respect to which such broker or nominee is not instructed to vote on a particular proposal and does not have discretionary voting power). Abstentions and broker non-votes are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. With regard to Proposal One, broker non-votes and votes marked “withheld” will not be counted toward the tabulation of votes cast on such proposal presented to the stockholders. With regard to Proposal Two, abstentions will be counted toward the tabulation of votes cast on such proposal presented to the stockholders and will have the same effect as negative votes, whereas broker non-votes will not be counted for purposes of determining whether such proposal has been approved and will not have the effect of negative votes.

Proxies

Please use the enclosed proxy card to vote by mail. If your shares are held in street name, then in lieu of a proxy card you should receive from that institution an instruction form for voting. Should you receive more than one proxy card or voting instruction form because your shares are held in multiple accounts or registered in different names or addresses, please be sure to complete, sign, date and return each proxy card or voting instruction form to ensure that all of your shares will be voted. Only proxy cards that have been signed, dated and timely returned will be counted in the quorum and voted. **Please note that if you hold your shares held in “street name” they can only be voted by your broker on non-routine matters if you provide instructions on how to vote. Accordingly, you should provide voting instructions to your broker.**

If the enclosed proxy card is properly signed and returned to us, the shares represented thereby will be voted at the Annual Meeting in accordance with the instructions specified thereon. If the proxy does not specify how the shares represented thereby are to be voted, the proxy will be voted FOR the election of the directors proposed by the Board under Proposal One and FOR Proposal Two.

The enclosed proxy also grants the proxy holders discretionary authority to vote on any other business that may properly come before the Annual Meeting. We have not been notified by any stockholder of his or her intent to present a stockholder proposal at the Annual Meeting.

If your shares are held in your name, you may revoke or change your vote at any time before the Annual Meeting by filing a notice of revocation or another signed proxy card with a later date with our corporate Secretary at our principal executive offices at 17150 South Margay Avenue, Carson, California 90746. If your shares are held in street name, you should contact the record holder to obtain instructions if you wish to revoke or change your vote before the Annual Meeting. If you attend the Annual Meeting and vote by ballot, any proxy that you submitted previously to vote the same shares will be revoked automatically and only your vote at the Annual Meeting will be counted. Please note, however, that if your shares are held in street name, your vote in person at the Annual Meeting will not be effective unless you have obtained and present a proxy issued in your name from the record holder. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

Voting by Telephone or through the Internet

If your shares are registered in the name of a bank or brokerage firm, you may be eligible to vote your shares by telephone or through the Internet. A large number of banks and brokerage firms provide eligible stockholders the opportunity to vote in this manner. If your bank or brokerage firm allows for this, your voting form will provide instructions for such alternative method of voting.

Solicitation

We will bear the entire cost of proxy solicitation, including the costs of preparing, assembling, printing and mailing this proxy statement, the proxy card and any additional solicitation material furnished to the stockholders. Copies of the solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, although there is no formal agreement to do so, we may reimburse such persons for their reasonable expenses in forwarding the solicitation materials to the beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by personal contact, telephone, facsimile, email or any other means by our directors, officers or employees. No additional compensation will be paid to these individuals for any such services. In the discretion of management, we reserve the right to retain a proxy solicitation firm to assist in the solicitation of proxies. Although we do not currently expect to retain such a firm, we estimate that the fees of such firm would range from \$5,000 to \$10,000 plus out-of-pocket expenses, all of which would be paid by us.

Note with Respect to Forward-Looking Statements

We have made certain forward-looking statements in this proxy statement that relate to expectations concerning matters that are not historical or current facts. These statements are forward looking statements for the purposes of the safe harbor provided by Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and Section 27A of the Securities Act of 1933 as amended (the “Securities Act”). Except as required by law, we do not undertake any obligation to update any forward-looking statements contained herein, whether as a result of new information, future events or otherwise.

MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING

PROPOSAL ONE:

ELECTION OF DIRECTORS

Our certificate of incorporation provides for a classified board of directors consisting of three classes of directors, each serving staggered three-year terms and each as nearly equal in number as possible as determined by our Board of Directors. As a result, a portion of our Board of Directors will be elected each year. Our Board of Directors currently consists of eight persons. Mr. Evangelist and Ms. Siminoff have been designated Class I directors whose terms expire at the Annual Meeting. Messrs. Berman, Khazani and Majteles have been designated Class II directors whose terms expire at the 2011 Annual Meeting of Stockholders. Messrs. Harman, Phelps and Schwartz have been designated Class III directors whose terms expire at the 2012 Annual Meeting of Stockholders.

The class whose term of office expires at the Annual Meeting currently consists of two directors. On the recommendation of the Nominating and Corporate Governance Committee, our Board of Directors selected and approved Shane Evangelist and Ellen F. Siminoff as nominees for election in the class being elected at the Annual Meeting to serve for a term of three years, expiring at the 2013 Annual Meeting of Stockholders, or until their successors are duly elected and qualified or until their earlier resignation or removal. Each nominee for election is currently a member of our Board of Directors and has agreed to serve if elected. Management has no reason to believe that any of the nominees will be unavailable to serve. In the event any of the nominees named herein is unable to serve or declines to serve at the time of the Annual Meeting, the persons named in the enclosed proxy will exercise discretionary authority to vote for substitutes. Unless otherwise instructed, the proxy holders will vote the proxies received by them FOR the nominees named below.

Stockholder Approval

The two nominees receiving the highest number of affirmative votes of the outstanding shares of our common stock present or represented by proxy and entitled to vote at the Annual Meeting shall be elected.

Recommendation of Our Board of Directors

Our Board of Directors recommends a vote “FOR” the Class I director nominees listed below.

Information About Directors and Nominees

We believe that our Board as a whole should encompass a range of talent, skill, diversity and expertise enabling it to provide sound guidance with respect to our operations and interests. In addition to considering a candidate’s background and accomplishments, the Nominating and Corporate Governance Committee reviews candidates in the context of the current composition of the Board and the evolving needs of our business. Our policy is to have at least a majority of the directors qualify as “independent” under the listing standards of The NASDAQ Stock Market (the “NASDAQ Rules”). See “Board Committees and Meetings - The Nominating and Corporate Governance Committee” for a discussion of the factors that are considered in selecting our director nominees.

The table and narrative below set forth information regarding each director nominee and each director who is continuing in office, including his or her age as of the date of the Annual Meeting, the year they first became directors, business experience during at least the past five years, public company boards they currently serve on or have served on since January 1, 2005, and certain other biographical information and attributes that the Nominating and Corporate Governance Committee determined qualify them to serve as directors. The Nominating and Corporate Governance Committee believes that the director nominees and the other current directors have the

following other key attributes that are important to an effective board of directors: integrity and demonstrated high ethical standards; sound judgment; analytical skills; the ability to engage management and each other in a constructive and collaborative fashion; diversity of origin, background, experience and thought; and the commitment to devote significant time and energy to service on the Board and its committees.

Class I Director Nominees

Shane Evangelist has been our Chief Executive Officer and a director since October 2007. From August 2004 to September 2007, Mr. Evangelist served as Senior Vice President and General Manager of BLOCKBUSTER Online, a division of Blockbuster Inc., which he joined in 2001, where he was responsible for leading the creation, development and launch of Blockbuster's online movie rental service. Prior to Blockbuster, Mr. Evangelist began his career at IBM where he served from 1997 to 2001 as a business executive responsible for media and entertainment accounts. Mr. Evangelist holds a B.A. degree in Business Administration from the University of New Mexico and an M.B.A. from Southern Methodist University. We believe that Mr. Evangelist's valuable business and leadership experience, particularly in the e-commerce industry, his experience running an industry-transforming business, combined with his intimate knowledge of our financial and operational status gained in his role as our Chief Executive Officer, qualifies Mr. Evangelist to serve as a director.

Ellen F. Siminoff has been a director since November 2006. Ms. Siminoff is President and CEO of Shmoop, an educationally-based website and has served as such since March 2008. Ms. Siminoff also serves as Director of Journal Communications, Inc., a newspaper publisher that also owns radio and television stations. Ms. Siminoff holds an A.B. degree in Economics from Princeton University and an M.B.A. from Stanford University. We believe that Ms. Siminoff is qualified to serve as a director due to her breadth and depth of experience in the online marketplace; especially in the arena of marketing and traffic optimization, as well as her prior board experience and management skills. Her breadth of experience in emerging growth companies and success in a variety of industries also adds expertise and diversity to our Board of Directors.

Directors Whose Terms Continue

Class II Directors—Terms Expiring at the 2011 Annual Meeting

Joshua L. Berman has been a director since October 2007. Mr. Berman is a co-founder of MySpace.com, a leading online lifestyle portal, and has served as its Chief Operating Officer since January 2003. Mr. Berman also worked from 1997 through 1999 as a management consultant at PricewaterhouseCoopers and as an international marketing manager and a senior financial analyst at Twentieth Century Fox. Mr. Berman was actively licensed as a certified public accountant from 1991 through 2002, and holds a B.A. degree in economics from the University of California, Santa Barbara and an M.B.A. from the University of Southern California. We believe that Mr. Berman is qualified to serve as a director due to his industry knowledge and operational experience with internet companies, including internet marketing and social networking, combined with his strong accounting and financial background and management experience.

Sol Khazani is a co-founder of U.S. Auto Parts and has been a director since January 2001. Mr. Khazani also served as our Chairman of the Board from January 2001 to March 2007, as our Chief Financial Officer from January 2001 to April 2005 and as a Vice President from October 1995 to January 2001. From 1995 through December 2008, Mr. Khazani served as the Vice President of American Condenser, Inc., a company that he co-founded which manufactures air-conditioning condensers for automotive and industrial applications. Mr. Khazani also serves as financial director of the non-profit organization Women for World Health. Mr. Khazani holds a B.S. degree in accounting and an M.B.A. from National University in San Diego. We believe Mr. Khazani's extensive background in the auto parts and industrial manufacturing and distribution industries provides a valuable juxtaposition with the e-commerce experience of many of our other directors. We also believe that his historical insight into the Company's operations and strategic relationships, combined with his foresight and creativity in driving the growth of the Company from a small, local operation delivering parts to an international internet organization qualifies him to serve as a director.

Robert J. Majteles has been a director since November 2006 and has been our Chairman of the Board since March 2007. Mr. Majteles is the managing partner of Treehouse Capital, LLC (www.treehousecapital.com), an investment firm he launched in 2000. Mr. Majteles has served on the board of directors of Rovi Corporation (formerly Macrovision Corporation) from 2006 through the present, and his committee service for Rovi includes the Audit, Compensation and Nominating and Governance Committees. Mr. Majteles' service as a director for Rovi Corporation will end at its May 4, 2010 annual meeting upon the election of a new director, as he has announced that he will not stand for re-election. Mr. Majteles also serves on the boards of directors of Adept Technology, Inc., from 2003 through the present, where he is also a member of the Compensation Committee; iPass, Inc., from 2004 through the present, where he also serves as chairman of the Audit Committee; Unify Corporation, from 2004 to the present, where he also serves on the Compensation Committee; and Comarco Inc, from 2008 through the present, where he also serves as Chairman of the Board and member of the Audit and Nominating and Governance Committees. Mr. Majteles was previously a board member of several additional public company boards: Merriman, Curhan, & Ford Group, Inc. from 2008 through 2009; Phoenix Technologies Ltd. from 2007 through 2008; World Heart Corporation from 2003 through 2008; Vertical Communications, Inc from 2002 through 2007; and Superconductor Technologies, Inc from 2002 through 2004. Mr. Majteles obtained his B.A. from Columbia University in 1986 and his J.D. from Stanford University in 1989. We believe that Mr. Majteles

is qualified to serve as a member of the Board due to his combined business, investment, and financial expertise and experience. His management experience in leading companies and his prior and current service on multiple boards of directors of innovative technology companies makes Mr. Majteles effective at leading the Board on behalf of our stockholders.

Class III Directors—Terms Expiring at the 2013 Annual Meeting

He also serves on the Audit Committee of a private company. Mr. Harman holds B.S. and M.S. degrees in electrical engineering from Stanford University and an M.B.A. from the Harvard Business School. Warren B. Phelps III has been a director since September 2007. As of October 2009 he has served as Chairman and CEO of Empower RF Systems, a developer and manufacturer of high power RF amplifiers for the defense and commercial markets. Mr. Phelps holds a B.S. degree in mathematics from St. Lawrence University in Canton, New York and an M.B.A. from the University of Rochester in Rochester, New York. We believe that Mr. Phelps is qualified to serve as both a Board member and as the financial expert of our Audit Committee due to his extensive experience as a President or a Chief Executive Officer of a variety of companies in the technology industry, as well as his experience in financial management roles, including the creation and oversight of internal controls, preparation of the financial statements and coordination of the audit for public companies.

Jeffrey A. Schwartz has been a director since October 2007. Since December 2008, he has served as Chairman and CEO of public company Lateral Media, Inc., a web publishing and performance marketing company. Prior to founding Lateral Media, Mr. Schwartz was founder, Chairman, and CEO of Vertical Passion Media, a media and marketing company focused on classified listings, content, and community in the motors category, from June 2007 through December 2008, and Chairman and CEO of AutoCentro, an automotive dealership group, from June 2006 to June 2007. From 2001 to April 2006, Mr. Schwartz served in various senior executive positions at public company Autobytel, Inc., including Vice Chairman, President, and CEO. Prior to Autobytel, Mr. Schwartz was President and CEO of Autoweb.com, Inc., another NASDAQ listed company, and Vice President, Corporate Affairs at The Walt Disney Company a New York Stock Exchange company. Mr. Schwartz holds B.A., M.A. and Ph.D. degrees in Political Science from the University of Southern California. We believe Mr. Schwartz is qualified to serve as a director due to his extensive experience in the media, e-commerce and auto industries, his significant management and leadership capabilities, as well as his experience in managing and working with boards of directors of other public companies.

Family Relationships

There are no family relationships among any of our directors, executive officers and director nominees.

CORPORATE GOVERNANCE

Code of Ethics and Business Conduct

Our Board of Directors has adopted a Code of Ethics and Business Conduct which applies to all directors, officers (including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions) and employees. The full text of our Code of Ethics and Business Conduct is available on the Investor Relations section of our website at www.usautoparts.net. We intend to disclose future amendments to certain provisions of the Code of Ethics and Business Conduct, and any waivers of provisions of the Code of Ethics required to be disclosed under the rules of the Securities and Exchange Commission ("SEC"), at the same location on our website. The information contained in, or that can be accessed through, our website does not constitute a part of this proxy statement.

Director Independence

The Board reviewed the independence of each of our directors on the basis of the standards adopted by NASDAQ. During this review, the Board considered transactions and relationships between the Company, on the one hand, and each director, members of his or her immediate family, and other entities with which he or she is affiliated, on the other hand. The purpose of this review was to determine which of such transactions or relationships were inconsistent with a determination that the director is independent under the NASDAQ Rules. After the review, the Board of Directors has determined that Messrs. Berman, Majteles, Phelps and Schwartz and Ms. Siminoff each satisfies the requirements for "independence" under the listing standards of the NASDAQ Rules.

The Board has, additionally, maintained a separation between the seats of Chairman and CEO since we went public in 2007 in recognition of the different demands and responsibilities of the roles and to emphasize the independence of the role of Chairman. The Board also meets regularly in executive session.

Board Oversight of Risk

The Board is responsible for overseeing our risk management but its duties in this regard are supplemented by the Audit Committee, which is responsible for discussing with management and our independent auditors policies with respect to risk assessment and risk management, including the process by which we undertake major financial and accounting risk assessment and management. The Audit Committee also oversees our corporate compliance programs, as well as the internal audit function. In addition to the Audit Committee's work in overseeing risk management, our full Board periodically engages in discussions of the most significant risks that the Company is facing and how these risks are being managed, and the Board receives reports on risk management from senior officers of the Company and from the Chairman of the Audit Committee. The Audit Committee additionally meets privately with representatives of our management team in order to assess the overall climate and "tone at the top" and to provide the Audit Committee with direct feedback as to any control or oversight issues. Other committees, including the compensation committee, review risks relevant to their particular areas of responsibility, such as whether the compensation of executive management encourages them to take undue risk. These matters are reviewed at Board meetings as well and, if deemed necessary and appropriate, in executive session with only the independent directors present. Our management team has the primary responsibility for identifying and managing the known, material risks which could affect our operating and financial performance. At least annually, upon reviewing and establishing the financial and operating targets for the next fiscal year, the management team reviews with the full board the key risks facing the Company during the upcoming year and the plans the Company has put in place to mitigate those risks, and the management team reviews subsets of risk on a more frequent basis with the Board.

Board Committees and Meetings

Our Board of Directors has an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. Each committee has a written charter that is reviewed annually and revised as appropriate. A copy of each committee's charter is available on the Investor Relations section of our website at www.usautoparts.net, which can be directly accessed at <http://investor.usautoparts.net/>.

During fiscal 2009, the Board of Directors and the various committees of the Board held the following number of meetings: Board of Directors—6; Audit Committee—5; Compensation Committee—8; and Nominating and Corporate Governance Committee—1. There were also 3 actions taken by the Board via Unanimous Written Consent. During fiscal 2009, no director attended fewer than 75% of the aggregate of the total number of meetings of the Board of Directors and total number of meetings of any committees of the Board, which he or she was required to attend. We do not have a formal policy regarding attendance by members of our Board of Directors at annual meetings of stockholders; however, directors are encouraged to attend all such meetings. All of our directors attended our 2009 Annual Meeting of Stockholders.

Audit Committee. Our Audit Committee consists of Messrs. Majteles, Phelps and Schwartz and Ms. Siminoff. Mr. Phelps is the Chair of the Audit Committee. Our Board of Directors has determined that each member of the Audit Committee is independent under the NASDAQ Rules and Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Mr. Phelps qualifies as an "audit committee financial expert" as that term is defined in the rules and regulations established by the SEC. The primary functions of this committee include the following:

- meeting with our management periodically to consider the adequacy of our internal controls and the objectivity of our financial reporting;
- meeting with our independent auditors and with internal financial personnel regarding these matters;
- pre-approving audit and non-audit services to be rendered by our independent auditors;
- Appointing from time to time, engaging, determining the compensation of, evaluating, providing oversight of the work of and, when appropriate, replacing our independent auditors;
- reviewing our financial statements and periodic reports and discussing the statements and reports with our management and independent auditors, including any significant adjustments, management judgments and estimates, new accounting policies and disagreements with management;

Our Board of Directors has determined that each member of the Compensation Committee is independent under the NASDAQ Rules. The primary functions of this committee include the following:

 - advising and consulting with our officers regarding managerial personnel and development and succession planning.

A more detailed description of the role of the committee, including the role of executive officers and consultants in compensation decisions, can be found under “Executive Compensation and Other Information-Compensation and Analysis” below.

Nominating and Corporate Governance Committee. Our Nominating and Corporate Governance Committee consists of Ms. Siminoff and Messrs. Phelps and Schwartz. Ms. Siminoff is the Chair of our Nominating and Corporate Governance Committee. Our Board of Directors has determined that each member of the Nominating and Corporate Governance Committee is independent under the NASDAQ Rules. The primary functions of this committee include the following:

- identifying qualified candidates to become members of our Board of Directors;
- selecting nominees for election of directors at the next annual meeting of stockholders (or special meeting of stockholders at which directors are to be elected);
- selecting candidates to fill vacancies of our Board of Directors;
- developing and recommending to our Board of Directors our corporate governance guidelines; and
- overseeing the evaluation of our Board of Directors.

The Nominating and Corporate Governance Committee generally seeks directors with strong reputations and experience in areas relevant to the operations and strategies of the Company’s business. In connection with their recommendations regarding the size and composition of the Board, the Nominating and Corporate Governance Committee reviews the appropriate qualities and skills required of directors in the context of the then current make-up of the Board and the needs of the Company. The Nominating and Corporate Governance Committee generally identifies candidates for election to the Board of Directors; reviews their skills, characteristics and experiences; and recommends director nominees to the Board for approval. While we do not have a formal policy with regard to the consideration of diversity in identifying director nominees, the Nominating and Corporate Governance Committee strives to nominate directors with a variety of complementary skills and backgrounds so that as a group, the Board will possess the appropriate talent, skills, insight and expertise to oversee our business. The Nominating and Corporate Governance Committee assesses each candidate’s independence, personal and professional integrity, financial literacy or other professional or business experience relevant to an understanding of our business, his or her ability to think and act independently and with sound judgment, and ability and commitment to serve our and its stockholders’ long-term interests. All factors considered by the Nominating and Corporate Governance Committee, are reviewed in the context of an assessment of the perceived needs of the Board at a particular point in time. As a result, the priorities and emphasis of the Nominating and Corporate Governance Committee and of the Board may change from time to time to take into account changes in our business our future opportunities and strategic plans, and other trends, as well as the portfolio of skills and experience of current and prospective directors.

The Nominating and Corporate Governance Committee generally leads the search for and selects, or recommends that the Board select, candidates for election to the Board. Consideration of new director candidates typically involves a series of committee discussions, review of information concerning candidates and interviews with selected candidates. The Nominating and Corporate Governance Committee may in the future engage the services of a third-party search firm to identify director candidates.

The Nominating and Corporate Governance Committee will consider candidates for directors recommended by our stockholders who meet the eligibility requirements for submitting stockholder proposals for inclusion in our next proxy statement. This committee will evaluate such recommendations applying its regular nominee criteria. Eligible stockholders wishing to recommend a director nominee must submit such recommendation in writing to the Chair, Nominating and Corporate Governance Committee, care of the corporate Secretary, at the Company's address set forth on the first page of this proxy statement by the deadline for stockholder proposals set forth in the prior year's proxy statement, specifying the following information: (a) the name and address of the nominee, (b) the name, address and phone number of the stockholder making the nomination and of the director nominee, (c) a representation that the nominating stockholder is a stockholder of record of our stock entitled to vote at the next annual meeting and intends to appear in person or by proxy at such meeting to nominate the person specified in the notice, (d) the nominee's qualifications for membership on the Board, (e) a resume of the candidate's business experience and educational background as well as all of the information that would be required in a proxy statement soliciting proxies for the election of the nominee as a director, (f) a description of all direct or indirect arrangements or understandings between the nominating stockholder and the nominee and any other person or persons (naming such person or persons) pursuant to whose request the nomination is being made by the stockholder, (g) all other companies to which the nominee is being recommended as a nominee for director, and (h) a signed consent of the nominee to cooperate with reasonable background checks and personal interviews, and to serve as a director, if elected. In connection with its evaluation, the Nominating and Corporate Governance Committee may request additional information from the candidate or the recommending stockholder, and may request an interview with the candidate. The Nominating and Corporate Governance Committee has the discretion to decide which individuals to recommend for nomination as directors.

No candidates for director nominations were submitted to the Nominating and Corporate Governance Committee by any stockholder in connection with the election of directors at the Annual Meeting. Each of the director nominees standing for election at this Annual Meeting is a current director of the company.

**PROPOSAL TWO:
RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS**

The accounting firm of Ernst & Young LLP was engaged to serve as our independent auditors for the fiscal year ended January 2, 2010. The Audit Committee of our Board of Directors has selected that firm to continue in this capacity for the fiscal year ending January 1, 2011. We are asking the stockholders to ratify the selection by the Audit Committee of Ernst & Young LLP as our independent auditors to audit our consolidated financial statements for the fiscal year ending January 1, 2011 and to perform other appropriate services. Stockholder ratification of the selection of Ernst & Young LLP as our independent auditors is not required by our bylaws or otherwise. In the event that the stockholders fail to ratify the appointment, the Audit Committee will reconsider its selection. Even if the selection is ratified, the Audit Committee, in its sole discretion, may direct the appointment of a different independent accounting firm at any time if the committee feels that such a change would be in our best interests and our stockholders.

A representative of Ernst & Young LLP is expected to be present at the Annual Meeting, and that representative will have the opportunity to make a brief presentation to the stockholders if he or she so desires and is expected to be available to respond to appropriate questions from stockholders.

Stockholder Approval

The affirmative vote of the holders of a majority of the shares of our common stock present or represented by proxy and entitled to vote at the Annual Meeting is being sought to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 1, 2011.

Recommendation of Our Board of Directors

Our Board of Directors recommends that the stockholders vote “FOR” the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 1, 2011.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services

All engagements for services by E&Y or other independent registered public accountants are subject to prior approval by the Audit Committee; however, de minimis non-audit services may instead be approved in accordance with applicable SEC rules. The independent auditor's responsibilities include (i) auditing the financial statements and expressing an opinion on the conformity of the audited financial statements with U.S. generally accepted accounting principles and (ii) auditing the financial statements and expressing an opinion on management's assessment of, and the effective operation of, the Company's internal control over financial reporting.

The audit committee met five times during fiscal year 2009. The audit committee schedules its meetings with a view to ensuring that it devotes appropriate attention to all of its tasks. The audit committee's meetings include sessions with the Company's independent auditor and management present and as necessary, sessions without the presence of the Company's management.

As part of its oversight of the Company's financial statements, the audit committee reviewed and discussed with management and Ernst & Young LLP, the Company's independent auditor, the audited financial statements of the Company for the fiscal year ended January 2, 2010. The Audit Committee discussed with Ernst & Young LLP, such matters as are required to be discussed by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees), relating to the conduct of the audit. The audit committee also discussed with Ernst & Young LLP, the auditor's independence from the Company and its management, including the matters in the written disclosures the audit committee received from the independent auditor as required by applicable requirements of the Public Company Accounting Oversight board regarding the independent accountant's communications with the Audit Committee concerning independence, and considered the compatibility of non-audit services with the auditor's independence.

Based on its review and discussions referred to above, the audit committee recommended to the board of directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended January 2, 2010, for filing with Securities and Exchange Commission. The audit committee has also selected Ernst & Young LLP as the Company's independent auditors for fiscal year 2010.

Compensation Discussion and Analysis

The primary objective of our compensation policies and programs with respect to executive compensation is to serve our stockholders by attracting, retaining and motivating talented and qualified executives. We believe this best serves our stockholders by providing a stable management team that is focused on long-term growth and profitability without incurring undue risk.

The three key elements of the current executive compensation program are annual base salary, cash bonuses, and long-term, equity-based incentives. The Company also provides its executive officers with severance and change-in-control benefits as well as a limited number of perquisites and other personal benefits. Our discussion below contains an additional explanation of each of these elements. In evaluating the mix of these compensation components, as well as the short-term and long-term value of the executive compensation plans, the compensation committee considers both the performance and skills of each executive, as well as the compensation paid to those in similar organizations with similar responsibilities. We focus on providing a competitive compensation package which provides significant short and long-term incentives for the achievement of measurable corporate and individual performance objectives. We focus on, among other things, the following five elements in determining compensation:

- *Competition.* Compensation should reflect the competitive marketplace, so that the Company can attract, retain, and motivate key executives of superior ability who are critical to our future success.
- *Accountability for Business Performance.* Compensation should be tied in part to overall Company financial performance, so our executive officers are held accountable through their compensation both in salary, and long-term incentive compensation.
- *Accountability for Individual Performance.* Compensation should be tied in part to the individual's performance to encourage and reflect individual contributions to the Company's performance.
- *Alignment with Stockholder Interests.* Compensation should be tied in part to the Company's stock performance through the grant of equity-based awards which serve to align our executive officer's interests with those of our stockholders.
- *Likelihood of Compensation Structure to Encourage Excessive Risk Taking.* Compensation, while tied in part to Company financial and stock performance, should not be tied in such a way as to encourage our executive officers to take excessive risk in operating the business or consummating strategic projects designed to inflate earnings or share price.

Decisions regarding executive compensation are the primary responsibility of our Compensation Committee, in consultation from time to time with the Board of Directors, management and compensation consultants. The Chief Executive Officer prepares an assessment of each individual's performance during the preceding calendar year, as well as a review of how each executive's compensation compares with the benchmark group companies provided by the compensation consultant, and recommends to the Compensation Committee, base salary amounts, annual performance goals and annual incentive compensation based upon those goals. The Compensation Committee then establishes and makes the final determinations regarding compensation of our executive officers based on a number of factors described above.

The components of our executive compensation program generally include (a) base salaries; (b) annual cash incentive opportunities; (c) annual equity grants, and (d) long-term equity incentive opportunities in the form of time-based stock options and, performance-based stock options. In the future, such long-term equity opportunities may also include other types of equity instruments including, but not limited to, restricted stock or restricted stock units. Executives also participate in employee benefit programs available to the broader employee population such as our 401(k) plan and health insurance. In early 2010 we implemented a deferred compensation plan for employees of the Company earning greater than \$110,000 annually, in which the

Executives are eligible to participate and for which the Company matches 50% of contributions up to 2% of annual base salary. Our executive compensation program is intended to provide executives with overall levels of compensation that are competitive within the e-commerce industry, as well as within a broader spectrum of companies with comparable revenues and profitability.

In connection with our initial public offering in 2007, we retained an independent compensation consultant, Compensia, Inc., to assist us in establishing a compensation program which includes objective criteria and formalized policies with respect to the determination of compensation amounts for our executives. As part of our annual evaluation of executive compensation, we have engaged Compensia each year following the initial public offering in order to ensure that the Company remains competitive in attracting and retaining talented executives. The Compensia Benchmark Peer Group Companies for 2009 include the following, which were selected based upon their size (revenue and market capitalization) and technology as well as retail market focus:

- | | | |
|---------------------|---------------------------|----------------------|
| • Actuate | • Alloy | • Autobytel |
| • Blue Coat Systems | • Blue Nile | • Chordiant Software |
| • Interwoven | • Magma Design Automation | • QAD |
| • Quality Systems | • Secure Computing | • Taleo |
| • VistaPrint | • Websense | |

For 2009 the Compensation Committee set a target for total compensation for our executive officers, at approximately the 50th to 75th percentile level of comparable companies (the “Target Percentile Range”), subject to certain exceptions. In 2009, we paid our senior management through a mix of base salary, cash bonus, stock bonus (for the CEO) and equity compensation, with the cash compensation, including the base salaries and target bonuses, established generally at the lower end of the Target Percentile Range and the equity compensation established generally at the higher end of such range to more readily align their interests with those of stockholders.

Elements of Executive Compensation

Base Salary

We seek to provide our senior management with a base salary appropriate to their roles and responsibilities, and salaries for named executive officers (as defined below in “Summary Compensation Table”) are established and adjusted at the discretion of the Compensation Committee. In 2009 we established base salaries for our executive officers at the lower end of our Target Percentile Range, with the exact base salaries for our executives based on the executive’s qualifications and experience, scope of responsibilities, future potential and past performance, as well as the salaries paid by other companies for similar positions. The recommendation of our compensation consultant for 2009 was to increase salaries for the CEO (Mr. Evangelist), CIO and EVP (Mr. Coleman), and the SVP of Global Sourcing and Procurement (Mr. Fischer) to bring their base salaries closer to the target range. However, Mr. Evangelist voluntarily reduced the amount of his salary increase for 2009 due to the performance of the Company in 2008. Mr. Akhavan’s base salary for 2009 was increased to incorporate a previously negotiated guaranteed bonus into his base salary. While Mr. Akhavan’s total cash compensation remains slightly above the benchmarked peer group, his total compensation package is well within the Target Percentile Range and the Compensation Committee felt that his cash compensation was appropriate given the competition for talented marketing executives who have command of creating and increasing traffic and the reallocation emphasizes performance-based bonuses rather than guaranteed bonuses which more closely aligns his interests with those of the stockholders. The base salary for Mr. Sanders was negotiated in connection with the commencement of his employment. The base salaries for Mr. Coleman and Mr. Fischer are below the Target Percentile Range and their salaries may increase over time to match the benchmark targets. Base salaries are reviewed annually, and adjusted from time to time to realign salaries with market levels after taking into account individual responsibilities, performance and experience.

2009 base salaries for each named executive officer were as follows:

<u>NAME AND TITLE</u>	<u>2009 BASE SALARY</u>
Shane Evangelist Chief Executive Officer	\$ 359,000
Ted Sanders Chief Financial Officer	\$ 300,000
Aaron Coleman Chief Information Officer, Executive Vice President Operations	\$ 260,000
Houman Akhavan Vice President Marketing	\$ 250,000
Charlie Fischer Senior Vice President Global Sourcing and Procurement	\$ 200,000

Annual Incentive Bonuses

In addition to base salary, our executives are eligible to earn annual incentive bonus compensation. Our incentive bonus plan ties the level of achievement of Company annual financial performance goals to the amount of annual incentive compensation that we pay to each of our executives. These performance goals incorporate a combination of revenue and EBITDA, as well as individual performance, so as to encourage the executives to maximize the generation of profitable new business as well as optimizing the profitability and performance of existing business. As a result, a significant portion of our executives' total compensation is dependent on the degree to which we achieve these performance goals. This provides an incentive for our executives to increase our performance with respect to these measures, and in turn increase stockholder value. This combination additionally limits the incentive for executives to take undue risk to maximize their incentive compensation. Incentive bonuses are established, adjusted and given final approval by the Compensation Committee, which has full discretion to award a bonus or not. For instance, in 2008, the Company did not meet its revenue and EBITDA targets and no bonuses were paid, with the exception of Mr. Akhavan's guaranteed bonus. While the incentive bonus has traditionally been paid in cash, in 2009 the Company initiated a program whereby the executives can each make an election to receive part of his bonus in shares of Company stock, at the time the target bonus-parameters are approved by the committee which Mr. Evangelist elected to do. For 2009, incentive bonuses were established based upon revenue and Adjusted EBITDA goals. Target incentive bonuses for our executive officers were established at approximately 36% to 80% of their respective annual base salaries, with Mr. Evangelist electing to take a portion of his incentive compensation in stock of the Company rather than cash. The bonuses as targeted placed each executive within the Company's Target Percentile Range of 50% – 75% of its Peer Group, with the exception of Mr. Evangelist, whose bonus compensation was in the approximately 25th percentile. Under the parameters of the bonus targets described below, no bonus would be paid to an executive officer if the sum of cash plus the balance on our auction rate securities balance was not greater than \$34 million. Assuming the cash threshold was met, the actual bonuses paid were based on overall company performance as determined by revenue targets from \$135 million to \$175 million and Adjusted EBITDA targets from \$5 million to \$11 million for fiscal 2009. Adjusted EBITDA will also reflect the impact of any projected capital expenditures that may be reallocated to operating expense. For example, if the combination of revenue and Adjusted EBITDA is \$135 million and \$5 million respectively, no bonus would be paid, and to qualify for a 100% bonus payout, Adjusted EBITDA would need to be 50% greater for 2009 than the Company actually achieved in 2008. Because performance for 2009 was significantly greater than the budget and bonus goals, each named executive officer was paid more than 100% of his target bonus for fiscal 2009.

Total actual bonuses paid for fiscal 2009 were as follows. Bonuses were paid in March 2010 for the 2009 fiscal year.

NAME AND TITLE	TARGET BONUS		BONUS PAID	
	CASH	STOCK	CASH	STOCK
Shane Evangelist Chief Executive Officer	\$ 147,000	92,000 shares	\$ 317,000	212,642 shares
Ted Sanders Chief Financial Officer	\$ 150,000	—	\$ 301,875	—
Aaron Coleman Chief Information Officer, Executive Vice President Operations	\$ 131,000	—	\$ 301,300	—
Houman Akhavan Vice President Marketing	\$ 91,000	—	\$ 209,300	—
Charlie Fischer Senior Vice President Global Sourcing and Procurement	\$ 84,000	—	\$ 184,000	—

Long-Term Equity Compensation

We believe that long-term performance of the Company is achieved through an ownership culture that encourages long-term performance by our executive officers through the use of equity-based awards, and have established equity incentive plans to provide our employees, including our executive officers, with incentives to help align those employees' interests with the interests of stockholders. We do not have specific ownership percentage requirements for our executive officers, but in making additional awards take into consideration the ownership percentages of the executive officers of our peer group companies. All options grants are made at the fair market value of the Company's stock on the date of grant. The Compensation Committee considers recommended option grants at each meeting, which coincide with meetings of the Board of Directors. If the hire date of an employee who is not an executive officer does not occur at the time of a Compensation Committee meeting, we may credit the employee with vesting time retroactive to hire date, but the exercise price of the option is always equal to the fair value on the date of grant, no matter the vesting schedule. Executive officer options are generally granted at the time of hire, and are approved by the Compensation Committee and have an exercise price equal to the fair valuation of the option at that time.

In 2009, equity grants were made to Messrs. Evangelist, Coleman and Akhavan at the beginning of the year, as part of their 2009 compensation, and to Mr. Sanders as part of his "new hire" package. These grants were made by the Compensation Committee after a review of the benchmark study prepared by Compensia, and brought the CEO and VP Marketing into alignment with their peer group Target Percentile Range. Mr. Sanders' equity grant was made in conjunction with the commencement his employment and therefore could not be valued in the same manner as ongoing equity grants; however, his total ownership potential based upon his option grant would be in the low range of the Target Percentile Range. Adequate data could not be found to value Mr. Coleman's equity grants; the Compensation Committee upon the recommendation of the CEO determined that the grant was appropriate given Mr. Coleman's level of responsibility within the Company and his individual performance at that time.

The stock options granted under our 2007 Omnibus Incentive Plan (the "2007 Plan") are exercisable to the extent the option is vested at the exercise date. The stock options that we grant to officers generally vest over a four year period (25% on the first anniversary of the grant date, with the remainder vesting in 36 equal monthly installments thereafter), to provide a long-term incentive to such officers, to provide them with an opportunity to obtain an ownership interest in the company and to further align their interests with the interests of our stockholders. Certain of the options granted to our Chief Executive Officer and Chief Financial Officer are directly tied to our stock price and will not vest or become exercisable unless the target metrics are met. As of

this report, the performance based options granted to Mr. Sanders have vested and are exercisable, as the performance threshold was achieved in October 2009. Additionally, a portion of the performance based options granted to Mr. Evangelist have vested, as the performance threshold was recently achieved. All of the stock options that we have granted to date have a maximum term of ten years. Because we grant our executive officers a combination of time-based and performance-based options, we do not believe that our equity compensation encourages those executive officers to take excessive or unnecessary risks in operating the business.

Equity compensation granted to the executive officers and its fair value are presented in the compensation tables, below.

Other Compensation

The Compensation Committee may determine or the Chief Executive Officer may recommend from time to time that an executive officer has performed in a manner that should be rewarded with a “spot” or extraordinary bonus. No such bonuses were paid in fiscal 2009. Finally, our executive officers are eligible to receive the same benefits, including non-cash group life and health benefits, as well as a Company match of 50% of contributions to the Company’s 401(k) up to 6% of salary, that are available to all employees. Certain additional benefits may be provided to our executives such as a car allowance, but each on a case-by-case basis.

Likelihood of Compensation Structure to Encourage Excessive Risk Taking

The Compensation Committee, after a thorough review of the Company’s compensation policies as they apply to all employees and more specifically the executive officers, believes that the policies do not encourage unnecessary risk taking and the impact of risk that may be encouraged by the policies would not present a material adverse impact to the Company. We provide base salaries to provide stability and predictability of monthly income, and provide incentive cash or stock bonuses and long-term equity grants to encourage focus on profitability and growth of the Company over time.

Pension Benefits

We do not have any qualified or non-qualified defined benefit plans.

Non-Qualified Deferred Compensation

We have a non-qualified defined contribution plan that was established in January 2010; employees earning greater than \$110,000 are currently eligible to participate in the plan. The plan utilizes a rabbi trust for protection of its assets, although in the event of bankruptcy the plan would become a general creditor of the Company. Participants may contribute up to 90% of their annual base salary and up to 100% of bonus awards.

Employment Contracts and Termination of Employment and Change of Control Arrangements

In March 2010, in order to rectify certain inconsistencies and to provide more standard language regarding benefits and responsibilities of each executive in the event of a change in control, we amended the employment agreements originally entered into with Shane Evangelist, our Chief Executive Officer, Ted Sanders, our Chief Financial Officer, and Aaron Coleman, our Chief Information Officer and Executive Vice President Operations. The amendments were made after the Compensation Committee consulted with Compensia, its compensation consultant, as well as outside counsel and determined that the provisions were in accordance with the Company’s benchmark peer group. The changes are primarily as follows:

- Provide, for the CEO, the CFO and the CIO/EVP, that all options (those initially granted in connection with commencement of employment and those granted thereafter) will be subject to “double-trigger” vesting acceleration in the event the officer is terminated or resigns for “Good Reason” (as defined in the Amended Agreement) following a change in control of the Company;
- Provide that the “double trigger” vesting acceleration protection period will commence 3 months before a change in control and end 12 months following the change in control;

- Provide that a resignation with Good Reason must occur within two years following the event giving rise thereto;
- to provide, for the CFO and the CIO/EVP, that Good Reason will include a change in the executive's authority, duties or responsibilities (including diminished duties resulting from no longer being an executive officer of a publicly-traded company) and a change in the authorities, duties or responsibilities of the supervisor to whom the Executive is required to report;
- Provide that, following a Change in Control, a resignation for Good Reason due to a change in the executive's authority, duties or responsibility or that of his supervisor cannot be triggered prior to six months after a change in control; and
- Provide that the portion of severance relating to the pro rata bonus is at the "target" level.

Agreements with Shane Evangelist

In March 2010, we amended the employment agreement originally entered into with Shane Evangelist, our Chief Executive Officer in October 2007. Mr. Evangelist's annual base salary shall be at least \$367,770, subject to increase from time to time at the discretion of our Compensation Committee. Mr. Evangelist is also eligible to receive an annual target incentive bonus of up to 80% of his annual base salary, depending on the achievement of certain performance goals to be established by the Compensation Committee as described in the CD&A above. While Mr. Evangelist is employed on an at-will basis, his employment agreement provides that in the event of his termination for any reason other than for cause or other than as a result of his own voluntary resignation without good reason, Mr. Evangelist will be entitled to severance payments equal to one year's base salary (payable over one year in accordance with our regular pay practices), plus a prorated portion of his annual target performance bonus for the year in which he was terminated, and reimbursement for the cost of COBRA coverage for a period of up to one year following his termination of employment. If a triggering event under the severance provisions of his employment agreement had occurred on the last business day of fiscal 2009, then Mr. Evangelist would have been entitled to a payment of \$676,000 plus 212,642 shares of our common stock, and approximately \$12,000 of COBRA payments.

In the event that Mr. Evangelist's employment with us is terminated for any reason other than for cause or if he resigns without good reason following certain changes in control of our company, the option for 750,000 shares will immediately vest and become fully exercisable. The exercise price for the options is \$8.65 per share, which was the closing sales price of our common stock as reported by the NASDAQ Stock Market on the date of grant. If a triggering transaction had occurred as of the last business day of fiscal year 2009, under the amended agreement, all of the shares would have vested; 1,500,000 shares.

Agreements with Theodore R. Sanders

In March 2010, we amended the employment agreement originally entered into with Ted Sanders, our Chief Financial Officer in February 2009. Mr. Sanders will receive an annual base salary of at least \$307,500, subject to increase from time to time at the discretion of our Compensation Committee. As part of his original employment agreement, Mr. Sanders also received a lump sum signing and retention bonus of \$25,000, which bonus was repayable for a certain period of time if Mr. Sanders resigns or is terminated for cause but is no longer repayable. Mr. Sanders is also eligible to receive an annual target incentive bonus of up to 50% of his annual base salary, depending on the achievement of certain performance goals to be established by the Compensation Committee. While Mr. Sanders is employed on an at-will basis, his employment agreement provides that in the event of his termination for any reason other than for cause or other than as a result of his own voluntary resignation without good reason, Mr. Sanders will be entitled to severance payments equal to one year's base salary (payable over one year in accordance with our regular pay practices), plus a prorated portion of his annual target performance bonus for the year in which he was terminated, and reimbursement for the cost of COBRA coverage for a period of up to one year following his termination of employment. If a triggering event under the severance provisions of his employment agreement had occurred on the last business day of fiscal 2009, then Mr. Sanders would have been entitled to a payment of \$601,875 plus approximately \$12,000 of COBRA payments.

As provided in his employment agreement, Mr. Sanders has been granted two ten year stock options under our 2007 New Employee Incentive Plan, consisting of a performance-based option to purchase up to an aggregate of 100,000 shares of our common stock, which vests based upon the attainment of certain stock price metrics, and an option to purchase up to an aggregate of 400,000 shares of our common stock, which vests over a four year period. In the event that Mr. Sanders' employment with us is terminated for any reason other than for cause or if he resigns without good reason following certain changes in control of our company, all of his shares will immediately vest and become fully exercisable. The exercise price for both options is \$1.15 per share, which was the closing sales price of our common stock as reported by the NASDAQ Stock Market on the date of grant. If a triggering transaction had occurred as of the last business day of fiscal year 2009, under the amended agreement, all of the shares would have vested; 500,000 shares.

Agreements with Aaron Coleman

In March 2010, we amended the employment agreement originally entered into with Aaron Coleman, our Executive Vice President of Operations and Chief Information Officer in April 2008. Mr. Coleman's annual base salary shall be at least \$284,040, subject to increase from time to time at the discretion of our Compensation Committee. Mr. Coleman will also be eligible to receive an annual target incentive bonus of up to 50% of his annual base salary, based upon us reaching our revenue and EBITDA goals as well as his achievement of certain individual goals to be established by the Compensation Committee. While Mr. Coleman will be employed on an at-will basis, his employment agreement provides that in the event of his termination for any reason other than for cause or other than as a result of his own voluntary resignation without good reason, Mr. Coleman will be entitled to severance payments equal to one year's base salary (payable over one year in accordance with our regular pay practices), plus a pro-rated portion of his annual target performance bonus for the year in which he was terminated, and reimbursement for the cost of COBRA coverage for up to one year following his termination of employment. If a triggering transaction had occurred as of the last business day of fiscal year 2009, then Mr. Coleman would have been entitled to a payment of \$564,300 plus approximately \$12,000 of COBRA payments.

As provided in his employment agreement, Mr. Coleman was granted one ten year stock option to purchase up to 250,000 shares of our common stock, which will vest over a four year period, with 25% vesting on the one year anniversary of the grant date and the remainder vesting in 36 equal monthly installments thereafter. In the event that Mr. Coleman's employment with us is terminated for any reason other than for cause or if he resigns without good reason following certain changes in control of our company, the option will immediately vest and become fully exercisable. If a triggering transaction had occurred as of the last business day of fiscal year 2009, under the amended agreement, all of the shares would have vested; 375,000 shares.

Agreements with Houman Akhavan

We entered into an offer letter with Houman Akhavan in January 2006, pursuant to which he agreed to serve as our Vice President of Marketing. In the event Mr. Akhavan's employment is terminated for any reason other than for cause, then we will be required to pay six months of severance to Mr. Akhavan based on his average pay for the six month preceding the termination date. If a triggering event under the severance provisions of his agreement had occurred on the last business day of fiscal year 2009, then Mr. Akhavan would have been entitled to a payment of approximately \$125,000.

In 2006, we granted to Mr. Akhavan options to purchase an aggregate of 231,000 shares of our common stock. This stock option agreement provides that in the event of an involuntary termination of the applicable officer's service with us within 12 months after a change in control of U.S. Auto Parts, then all unvested option shares will immediately vest and will remain exercisable until the earlier of (i) the expiration of such options, or (ii) the one year anniversary of the involuntary termination. If a triggering transaction had occurred as of the last business day of fiscal year 2009, 139,438 shares would have vested.

Tax and Accounting Impact of Executive Compensation

Section 162(m) of the Internal Revenue Code limits the deductibility of executive compensation paid to the chief executive officer and to each of the three other most highly compensated officers of a public company (other than the chief financial officer) to \$1 million per year. However, compensation that is considered qualified “performance-based compensation” generally does not count toward the \$1 million deduction limit.

The Company annually reviews the compensation paid to its Chief Executive Officer and each of the three other most highly compensated officers to determine the deductibility of compensation under Section 162(m). Base salary, by its nature, does not qualify as performance-based under Section 162(m). The Company’s grants of performance-based stock and annual cash bonus payments may qualify as performance-based compensation.

For 2009, the Company believes all compensation paid to its executives is fully deductible by the Company without regard to Code Section 162(m).

Grants of Plan-Based Awards

In December 2009, the Compensation Committee determined to offer an additional means of exercising options to certain employees of the Company; through net settlement, in which the employee may surrender enough vested options, at the market price at the time of surrender, to pay for the exercise of the remaining options plus any tax payments required to be withheld on behalf of the employee.

All plan-based awards that were granted to our named executive officers in 2009 are non-qualified stock options or shares of stock. The exercise price per share of each option granted to our named executive officers was equal to the closing sales price of a share of our common stock, as reported by the NASDAQ Stock Market, on the date of the stock option grant. All options were granted under our 2007 Omnibus Incentive Plan and are exercisable to the extent vested. Except as otherwise noted below, the options vest as to 25% of the shares underlying the option on the first anniversary of the grant date, with the remainder vesting in 36 equal monthly installments thereafter.

The following table presents information concerning grants of plan-based awards to each of the named executive officers during 2009.

Director Compensation

The compensation and benefits for service as a member of the Board of Directors is determined by our Board of Directors. Directors employed by us or one of our subsidiaries are not compensated for service on the Board or on any committee of the Board; however, we reimburse each of our directors for any out-of-pocket expenses in connection with attending meetings of our Board of Directors and committees of the Board of Directors. Each of our non-employee directors, other than Messrs. Harman and Khazani, are entitled to a fee of \$25,000 per year for his or her service as a director. Members of the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee each receive an additional \$7,500, \$5,000 and \$2,500, respectively, per year for his or her service on such committee. The chairpersons of the Board, Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee receive an additional \$25,000, \$22,000, \$7,500, and \$5,000, respectively, per year for his or her service on such committee. Any non-employee director who is first elected to the Board of Directors will be granted an option to purchase 45,000 shares of our common stock on the date of his or her initial election to the Board of Directors. In addition, on the date of each annual stockholders meeting, each person who has served as a non-employee member of the Board of Directors for at least six months before the date of the stockholder meeting will be granted a stock option to purchase 40,000 shares of our common stock. This was increased from prior years due to additional demands on the time of each director in providing oversight and guidance to the Company. These options will have an exercise price per share equal to the fair market value of our common stock on the date of grant and will vest over a three year period, subject to the director's continuing service on our Board of Directors. These options will also immediately vest in full upon a change in control of our company. The term of each option granted to a non-employee director shall be ten years. These options will be granted under our 2007 Omnibus Incentive Plan.

As described above, for fiscal 2009 each of our non-employee directors, other than Messrs. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Since January 1, 2009, there has not been, nor is there any proposed transaction where we were or will be a party in which the amount involved exceeded or will exceed the lesser of \$120,000 or one percent of the average of our total assets at year end for the last two completed fiscal years and in which any director, director nominee, executive officer, holder of more than 5% of any class of our voting securities, or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest, other than the compensation agreements and other agreements and transactions which are described in “Executive Compensation and Other Information” and the transactions described below. We believe that the agreements and transactions described below were generally on terms that were comparable to terms we could have obtained from unaffiliated third parties.

Policies and Procedures for Related Party Transactions

Pursuant to the written charter of our Audit Committee adopted in January 2007, our Audit Committee of the Board of Directors is responsible for reviewing and approving all related party transactions and potential conflict of interest situations involving a principal stockholder, a member of the Board of Directors or senior management. In addition, our company policies require that our officers and employees avoid using their positions for purposes that are, or give the appearance of being, motivated by a desire for personal gain, and our policies further require that all officers and employees who have authority to initiate related party transactions provide a written report, on an annual basis, of all activities which could result in a conflict of interest or impair their professional judgment. All such written reports concerning related party transactions or conflicts of interest are submitted to, and reviewed by, our Chief Financial Officer and our Audit Committee.

Related Party Transactions

Beginning in November 2003, the Company has leased its corporate headquarters and primary warehouse from Nia Chloe, LLC (“Nia Chloe”), a member of which is one of our board members. Another Nia Chloe member was also one of our board members until his resignation in December 2009, and remains a stockholder owning greater than 5% of our common stock. Lease payments and expenses associated with this related party arrangement totaled \$527,000, \$548,000, and \$535,000, respectively, for the years ended December 31, 2007, 2008, and January 2, 2010. The Company has evaluated its relationship with Nia Chloe with regard to ASC 810 *Consolidation* (“ASC 810”) (formerly referenced as FIN 46R, “*Consolidation of Variable Interest Entities*”). The Company has determined that Nia Chloe does not meet the criteria for consolidation under ASC 810 and therefore this entity is not consolidated in the Company’s financial statements.

From time to time, the Company has purchased inventory from an entity partially owned by a member of the Company’s Board of Directors. During the years ended December 31, 2007 and 2008 and January 2, 2010, the Company purchased inventory totaling \$394,000 and \$242,000, \$330,000 respectively, from the entity, which the Company believes to be at fair market value.

Since October 2006, the Company has purchased paid search engine marketing services from an entity of which a member of the Company’s Board of Directors is the chairman. During the years ended December 31, 2007 and 2008 and January 2, 2010, the Company purchased paid search engine marketing services totaling \$344,000, \$281,000, and \$225,000, respectively, from the entity, which the Company believes to be at fair market value.

In September 2008, the Company entered into a verbal agreement with a member of the Company’s Board of Directors to provide consulting services. The arrangement could be terminated by either party at anytime, and the director was paid \$10,000 per month. For the fifty-two weeks ended January 2, 2010, the total consulting fees paid were \$120,000. The arrangement was terminated as of January 2, 2010.

The Company has entered into indemnification agreements with the Company's directors and executive officers. These agreements require the Company to indemnify these individuals to the fullest extent permitted under law against liabilities that may arise by reason of their service to the Company, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. The Company also intends to enter into indemnification agreements with the Company's future directors and executive officers.

BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely on our review of copies of the reports on the Section 16(a) forms received by us with respect to the fiscal year ended January 2, 2010 and representations from the reporting persons that no other reports were required, we believe that all directors, executive officers and persons who own more than 10% of our common stock have complied with the reporting requirements of Section 16(a) and have filed all reports required by such section.
