NOTICE IS HEREBY GIVEN that the 2013 Annual Meeting of Stockholders (the "Annual Meeting") of U.S. Auto Parts Network, Inc., a Delaware corporation (the "Company"), will be held on July 9, 2013 at 9:00 a.m. Pacific Time at the offices of the Company located at 16941 Keegan Avenue, Carson, CA 90746, for the following purposes:

1. to elect Shane Evangelist for Class I director to hold office for a term of three years or until his respective successor is elected and qualified;
2. to ratify the appointment of Deloitte & Touche LLP, an independent registered public accounting firm, as independent auditors of our Company for fiscal year 2013;
3. to approve a proposed stock exchange program, pursuant to which eligible employees will be given the opportunity to exchange their stock options that have an exercise price greater than \$4.00 per share for new stock options to purchase a fewer number of shares and an extended vesting period; and
4. such other business, if any, as may properly come before the Annual Meeting, or any adjournment, postponement or extension thereof.

Only stockholders of record at the close of business on May 22, 2013 are entitled to notice of and to vote at the Annual Meeting and any adjournment or postponement thereof. A list of stockholders entitled to vote at the Annual Meeting will be available for inspection at our principal executive offices and at the Annual Meeting.

All stockholders are cordially invited to attend the meeting in person. Whether or not you plan to attend, please sign, date and return the enclosed proxy card in the enclosed postage-paid and addressed envelope. If your shares are held in "street name" (i.e., your shares are held in the name of a brokerage firm, bank or other nominee), you should receive from that institution an instruction form for voting in lieu of a proxy card. Should you receive more than one proxy card or voting instruction form because your shares are held in multiple accounts or registered in different names or addresses, please sign, date and return each proxy card or voting instruction form to ensure that all of your shares are voted. You may revoke your proxy at any time prior to the Annual Meeting. If you attend the Annual Meeting and vote by ballot, your proxy will be revoked automatically and only your vote at the Annual Meeting will be counted.

PROXY STATEMENT

These proxy materials and the enclosed proxy card are being furnished to holders of the common stock, par value \$0.001 per share, and Series A Convertible Preferred Stock ("Series A Convertible Preferred"), par value \$0.001 per share, of U.S. Auto Parts Network, Inc., a Delaware corporation (the "Company"), in connection with the solicitation of proxies by the Board of Directors of the Company (the "Board of Directors" or the "Board"), to be voted at the 2013 Annual Meeting of Stockholders to be held on July 9, 2013 and at any adjournment or postponement of the meeting (the "Annual Meeting"). The Annual Meeting will be held at 9:00 a.m. Pacific Time at the offices of the Company located at 16941 Keegan Avenue, Carson CA 90746. These proxy solicitation materials are expected to be mailed on or about May 30, 2013 to all stockholders entitled to vote at the Annual Meeting.

Purpose of Meeting

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of the Annual Meeting of Stockholders (the "Notice") and are described in more detail in this proxy statement.

Voting; Quorum

The record date for determining those stockholders who are entitled to notice of, and to vote at, the Annual Meeting has been fixed as May 22, 2013. Only stockholders of record at the close of business on the record date are entitled to notice of and to vote at the Annual Meeting. Each share of our common stock and Series A Convertible Preferred entitles its record holder to one vote on all matters subject to a stockholder vote. As of the record date, 33,209,442 shares of our common stock were outstanding and 4,149,997 shares of our Series A Convertible Preferred were outstanding.

The presence at the Annual Meeting, either in person or by proxy, of holders of a majority of the outstanding shares of our common stock and Series A Convertible Preferred entitled to vote will constitute a quorum for the transaction of business at the Annual Meeting. If a quorum is not present, the Annual Meeting will be adjourned until a quorum is obtained.

In the election of a director under Proposal One, the nominee receiving the most "For" votes from the holders of shares present in person or represented by proxy and entitled to vote on the election of a director will be elected. Only votes "For" or "Withheld" will affect the outcome. With regard to Proposal Two and Proposal Three, to be approved, the Company must receive the affirmative vote of the holders of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting. If you "Abstain" from voting, it will have the same effect as an "Against" vote. Broker non-votes will have no effect.

All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes (i.e., shares held by a broker or nominee that are represented at the Annual Meeting, but with respect to which such broker or nominee is not instructed to vote on a particular proposal and does not have discretionary voting power). Under Delaware law, abstentions and broker "non-votes" will be counted for purposes of establishing a quorum at the Annual Meeting, but will not be counted towards the vote total for the election of the director.

Proxies

Please use the enclosed proxy card to vote by mail. If your shares are held in street name, then in lieu of a proxy card you should receive from that institution an instruction form for voting. Should you receive more than

one proxy card or voting instruction form because your shares are held in multiple accounts or registered in different names or addresses, please be sure to complete, sign, date and return each proxy card or voting instruction form to ensure that all of your shares will be voted. Only proxy cards that have been signed, dated and timely returned will be counted in the quorum and voted. **Please note that if you hold your shares held in “street name” they can only be voted by your broker on routine matters, unless you provide instructions on how to vote for any non-routine matters. Accordingly, you should provide voting instructions to your broker.**

If the enclosed proxy card is properly signed and returned to us, the shares represented thereby will be voted at the Annual Meeting in accordance with the instructions specified thereon. If the proxy does not specify how the shares represented thereby are to be voted, the proxy will be voted FOR the election of the nominee for director proposed by the Board under Proposal One, FOR Proposal Two and FOR Proposal Three.

The enclosed proxy also grants the proxy holders discretionary authority to vote on any other business that may properly come before the Annual Meeting. We have not been notified by any stockholder of his or her intent to present a stockholder proposal at the 2013 Annual Meeting. As indicated in our Current Report on Form 8-K filed on April 26, 2013, the notification deadline was May 10, 2013.

If your shares are held in your name, you may revoke or change your vote at any time before the Annual Meeting by filing a notice of revocation or another signed proxy card with a later date with our corporate Secretary at our principal executive offices at 16941 Keegan Avenue, Carson, California 90746. If your shares are held in street name, you should contact the record holder to obtain instructions if you wish to revoke or change your vote before the Annual Meeting. If you attend the Annual Meeting and vote by ballot, any proxy that you submitted previously to vote the same shares will be revoked automatically and only your vote at the Annual Meeting will be counted. Please note, however, that if your shares are held in street name, your vote in person at the Annual Meeting will not be effective unless you have obtained and present a proxy issued in your name from the record holder. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

Voting by Telephone or through the Internet

If your shares are registered in the name of a bank or brokerage firm, you may be eligible to vote your shares by telephone or through the Internet. A large number of banks and brokerage firms provide eligible stockholders the opportunity to vote in this manner. If your bank or brokerage firm allows for this, your voting form will provide instructions for such alternative method of voting.

Solicitation

We will bear the entire cost of proxy solicitation, including the costs of preparing, assembling, printing and mailing this proxy statement, the proxy card and any additional solicitation material furnished to the stockholders. Copies of the solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, although there is no formal agreement to do so, we may reimburse such persons for their reasonable expenses in forwarding the solicitation materials to the beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by personal contact, telephone, facsimile, email or any other means by our directors, officers or employees. No additional compensation will be paid to these individuals for any such services. In the discretion of management, we reserve the right to retain a proxy solicitation firm to assist in the solicitation of proxies. Although we do not currently expect to retain such a firm, we estimate that the fees of such firm would range from \$5,000 to \$10,000 plus out-of-pocket expenses, all of which would be paid by us.

Note with Respect to Forward-Looking Statements

We have made certain forward-looking statements in this proxy statement that relate to expectations concerning matters that are not historical or current facts. These statements are forward looking statements for the purposes of the safe harbor provided by Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and Section 27A of the Securities Act of 1933 as amended (the “Securities Act”). In some cases, you can identify forward-looking statements by terms such as “anticipates,” “believes,” “could,” “estimates,” “expects,” “intends,” “may,” “plans,” “potential,” “predicts,” “projects,” “should,” “will,” “would” and similar expressions intended to identify forward-looking statements. We cannot assure you that such expectations will prove to be correct. Forward-looking statements are subject to risks and uncertainties that could cause actual results to differ materially from such expectations, and you should not place undue reliance on these forward-looking statements. All forward-looking statements attributable to us are expressly qualified in their entirety by such language. Important risk factors that could contribute to such differences are discussed in our Annual Report on Form 10-K, subsequent Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and other filings with the Securities and Exchange Commission. The forward-looking statements contained herein speak only as of the date of this proxy statement. Except as required by law, we do not undertake any obligation to update any forward-looking statements contained herein, whether as a result of new information, future events or otherwise.

MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING

PROPOSAL ONE: ELECTION OF DIRECTOR

Our certificate of incorporation provides for a classified board of directors consisting of three classes of directors, each serving staggered three-year terms and each as nearly equal in number as possible as determined by our Board of Directors. As a result, a portion of our Board of Directors will be elected each year. Our Board of Directors currently consists of seven persons. Mr. Evangelist and Ms. Siminoff have been designated Class I directors whose terms expire at the 2013 Annual Meeting of Stockholders. Messrs. Berman, Khazani and Majteles have been designated Class II directors whose terms expire at the 2014 Annual Meeting of Stockholders. Messrs. Harman and Phelps have been designated Class III directors whose terms expire at the 2015 Annual Meeting of Stockholders.

The class whose term of office expires at the Annual Meeting currently consists of two directors. However, in February 2013, Ms. Siminoff informed us that she does not intend to stand for re-election when her term as a Class I director expires at our Annual Meeting. Ms. Siminoff's decision not to stand for re-election does not involve any disagreement with us, our management or our Board of Directors. We are currently conducting a director search in the exercise of due care for a new candidate as soon as practicable. This new director will not only satisfy the independence requirements under the listing requirements, but will have no material connection to our Company (that is, no material financial, personal, business or other relationship that a reasonable person could conclude could potentially influence boardroom objectivity) prior to being appointed to the Board. We are committed to having this new director in place as quickly as possible after the Annual Meeting. While the Board may elect a new director to fill the vacant spot on the Board, the Board believes it is important for our stockholders to ratify any member of the Board who the Board appoints. As a result, whenever the Board appoints a new member, the Board will submit such new member's directorship for approval at the next regularly scheduled Annual Meeting of Stockholders. If the stockholders elect the Board member, he or she will serve the remaining term of the class of director to which he or she was elected.

On the recommendation of the Nominating and Corporate Governance Committee, our Board of Directors selected and approved Shane Evangelist as nominee for election in the class being elected at the Annual Meeting to serve for a term of three years, expiring at the 2016 Annual Meeting of Stockholders, or until his successor is duly elected and qualified or until his earlier resignation or removal. The nominee for election is currently a member of our Board of Directors and has agreed to serve if elected. Management has no reason to believe that the nominee will be unavailable to serve. In the event the nominee named herein is unable to serve or declines to serve at the time of the Annual Meeting, the person named in the enclosed proxy will exercise discretionary authority to vote for a substitute. Unless otherwise instructed, the proxy holders will vote the proxies received by them FOR the nominee named below.

Stockholder Approval

Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy and entitled to vote on the election of director. The nominee receiving the highest number of affirmative votes will be elected. At the Annual Meeting, stockholders are only being asked to elect Shane Evangelist for Class I director to hold office for a term of three years or until his respective successor is elected and qualified.

Recommendation of Our Board of Directors

Our Board of Directors recommends a vote "FOR" the Class I director nominee listed below.

Information About Directors and Nominee

We believe that our Board as a whole should encompass a range of talent, skill, diversity and expertise enabling it to provide sound guidance with respect to our operations and interests. In addition to considering a

candidate's background and accomplishments, the Nominating and Corporate Governance Committee reviews candidates in the context of the current composition of the Board and the evolving needs of our business. In accordance with the listing standards of The NASDAQ Stock Market (the "NASDAQ Rules") we have charged our Nominating and Corporate Governance committee with ensuring that at least a majority of the directors qualify as "independent" under the NASDAQ Rules. See "Board Committees and Meetings—*Nominating and Corporate Governance Committee*" for a discussion of the factors that are considered in selecting our director nominees.

The table and narrative below sets forth information regarding each of our directors and our director nominee, including his or her age as of the date of the Annual Meeting, the year they first became directors, business experience during at least the past five years, public company boards they currently serve on or have served on since January 1, 2008, and certain other biographical information and attributes that the Nominating and Corporate Governance Committee determined qualify them to serve as directors. The Nominating and Corporate Governance Committee believes that the director nominee and the other current directors have the following other key attributes that are important to an effective board of directors: integrity and demonstrated high ethical standards; sound judgment; analytical skills; the ability to engage management and each other in a constructive and collaborative fashion; diversity of origin, background, experience and thought; and the commitment to devote significant time and energy to serve on the Board and its committees.

⁽²⁾ In February 2013, Ms. Siminoff informed us that she does not intend to stand for re-election when her term as a Class I director expires at our Annual Meeting.

Class I Director Nominee

Shane Evangelist has been our CEO and a director since October 2007. From August 2004 to September 2007, Mr. Evangelist served as Senior Vice President and General Manager of BLOCKBUSTER Online, a division of Blockbuster Inc., which he joined in 2001, where he was responsible for leading the creation, development and launch of Blockbuster's online movie rental service. Prior to that, from January 2001 to July 2004, Mr. Evangelist served as Vice President of Strategic Planning for Blockbuster Inc., with responsibility for strategy development, mergers and acquisitions, marketing and capital deployment. Prior to Blockbuster, Mr. Evangelist began his career at IBM where he served from 1997 to 2001 as a business executive responsible for media and entertainment accounts. Mr. Evangelist currently serves on the board of one privately held company. Mr. Evangelist holds a B.A. degree in Business Administration from the University of New Mexico and an M.B.A. from Southern Methodist University. We believe that Mr. Evangelist's valuable business and leadership experience, particularly in the e-commerce industry, his experience running an industry-transforming business, combined with his intimate knowledge of our financial and operational status gained in his role as our Chief Executive Officer, qualifies Mr. Evangelist to serve as a director.

Directors Whose Terms Continue

Class II Directors – Terms Expiring at the 2014 Annual Meeting of Stockholders

Joshua L. Berman has been a director since October 2007. Mr. Berman co-founded and serves as President of BeachMint, a next generation eCommerce company focused on building brands and delivering a personalized user experience, since April 2010. Mr. Berman served as President of Slingshot Labs, an incubator dedicated to building and developing new web ventures for News Corporation, from February 2008 through April 2010. Mr. Berman was a co-founder of MySpace.com, a leading online lifestyle portal, and served as its Chief Operating Officer from January 2003 until April 2010. Prior to 2003, Mr. Berman co-founded and managed two Internet companies: Response Base Marketing, where he held positions as the Chief Operating Officer and Chief Financial Officer from 2001 through 2003, and Xdrive Technologies from 1999 through November 2001, where he served as Chief Financial Officer and Senior Vice President of Corporate Development. Mr. Berman also worked from 1997 through 1999 as a management consultant at PricewaterhouseCoopers and as an international marketing manager and a senior financial analyst at Twentieth Century Fox. Mr. Berman was actively licensed as a certified public accountant from 1991 through 2002, and holds a B.A. degree in economics from the University of California, Santa Barbara and an M.B.A. from the University of Southern California. We believe that Mr. Berman is qualified to serve as a director due to his industry knowledge and operational experience with, and service as COO or President of internet companies, including internet marketing and social networking, combined with his strong accounting and financial background and management experience.

Sol Khazani is a co-founder of U.S. Auto Parts and has been a director since January 2001. Mr. Khazani also served as our Chairman of the Board from January 2001 to March 2007, as our Chief Financial Officer from January 2001 to April 2005 and as a Vice President from October 1995 to January 2001. From 1995 through December 2008, Mr. Khazani served as the Vice President of American Condenser, Inc., a company that he co-founded which manufactures air-conditioning condensers for automotive and industrial applications. Mr. Khazani also serves as financial director of the non-profit organization Women for World Health. Mr. Khazani holds a B.S. degree in accounting and an M.B.A. from National University in San Diego. We believe Mr. Khazani's extensive background in the auto parts and industrial manufacturing and distribution industries provides a valuable juxtaposition with the e-commerce experience of many our other directors. We also believe that his historical insight into the Company's operations and strategic relationships, combined with his foresight and creativity in driving the growth of the Company from a small, local operation delivering parts, to an international internet organization qualifies him to serve as a director.

Robert J. Majteles has been a director since November 2006 and has been our Chairman of the Board since March 2007. Mr. Majteles is the managing partner of Treehouse Capital, LLC, an investment firm he launched in 2000. Mr. Majteles serves as an active and involved board member for the companies in Treehouse's portfolio. Prior to launching Treehouse, Mr. Majteles was the Chief Executive Officer of three different technology companies. Mr. Majteles has also been an investment banker and a mergers and acquisitions attorney. Mr. Majteles has served on several public company boards. Mr. Majteles serves on the boards of directors of iPass, Inc., from 2009 through the present, where he also serves as chairman of the Audit Committee. Mr. Majteles was previously a board member of several additional public company boards: Rovi Corporation (formerly Macrovision Corporation) from 2006 through 2010; Adept Technology, Inc. from 2003 through 2011; Unify Corporation from 2004 through 2011; Merriman, Curhan, & Ford Group, Inc. from 2008 through 2009; Phoenix Technologies Ltd. from 2007 through 2008; World Heart Corporation from 2003 through 2008; and Comarco Inc. from 2008 through 2011. Mr. Majteles obtained his B.A. from Columbia University in 1986 and his J.D. from Stanford University in 1989. We believe that Mr. Majteles is qualified to serve as a member of the Board due to his combined business, investment, and financial expertise and experience. His management experience in leading companies, including serving as CEO of three technology companies, and his prior and current service on multiple boards of directors of innovative technology companies makes Mr. Majteles effective at leading the Board on behalf of our stockholders.

Fredric W. Harman has been a director since March 2006. Mr. Harman is a Managing Partner of Oak Investment Partners, a venture capital firm, which he joined as a General Partner in 1994. From 1991 to 1994, Mr. Harman served as a General Partner of Morgan Stanley Venture Capital. Mr. Harman currently serves as a director of Demand Media, Inc., an online media company, Limelight Networks, Inc., an internet infrastructure company, and several privately held companies. Mr. Harman holds B.S. and M.S. degrees in electrical engineering from Stanford University and an M.B.A. from the Harvard Business School. We believe that Mr. Harman is qualified to serve as a director due to his broad financial and industry experience, combined with his operational oversight gained through his investment in and extensive board service since 1991 with a broad range of technology and internet companies.

Warren B. Phelps III has been a director since September 2007. From October 2009 until December 2012, he served as Chairman and CEO of Empower RF Systems, a developer and manufacturer of high power RF amplifiers for the defense and commercial markets. As of January 1, 2013, he has assumed the position of Executive Chairman. From 2000 until his retirement in September 2006, Mr. Phelps served in several executive positions for Spirent Communications plc, a leading communications technology company, most recently as President of the Performance Analysis Broadband division. From 1996 to 2000, Mr. Phelps was at Netcom Systems, a provider of network test and measurement equipment, most recently as President and Chief Executive Officer. Prior to that, Mr. Phelps held executive positions, including Chairman and Chief Executive Officer, at MICOM Communications and in various financial management roles at Burroughs/Unisys Corporation. Mr. Phelps currently serves on the boards of directors of one privately held company and on the Board of Trustees of St. Lawrence University. Mr. Phelps holds a B.S. degree in mathematics from St. Lawrence University in Canton, New York and an M.B.A. from the University of Rochester in Rochester, New York. We believe that Mr. Phelps is qualified to serve as both a Board member and as the financial expert of our Audit Committee due to his extensive experience as a President or a Chief Executive Officer of a variety of companies in the technology industry, as well as his experience in financial management roles, including the creation and oversight of internal controls, preparation of the financial statements and coordination of the audit for public companies.

Family Relationships

There are no family relationships among any of our directors, executive officers and director nominee.

CORPORATE GOVERNANCE

Code of Ethics and Business Conduct

Our Board of Directors has adopted a Code of Ethics and Business Conduct which applies to all directors, officers (including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions) and employees. The full text of our Code of Ethics and Business Conduct is available on the Investor Relations section of our website at www.usautoparts.net which can be directly accessed at <http://investor.usautoparts.net/>. We intend to disclose future amendments to certain provisions of the Code of Ethics and Business Conduct, and any waivers of provisions of the Code of Ethics and Business Conduct required to be disclosed under the rules of the Securities and Exchange Commission (“SEC”), at the same location on our website. The information contained in, or that can be accessed through, our website does not constitute a part of this proxy statement.

Director Independence

The Board reviewed the independence of each of our directors on the basis of the standards adopted by the NASDAQ Stock Market (“NASDAQ”). During this review, the Board considered transactions and relationships between the Company, on the one hand, and each director, members of his or her immediate family, and other entities with which he or she is affiliated, on the other hand. The purpose of this review was to determine which of such transactions or relationships were inconsistent with a determination that the director is independent under the NASDAQ Rules. After the review, the Board of Directors has determined that Messrs. Berman, Majteles, Phelps and Ms. Siminoff each satisfies the requirements for “independence” under the listing standards of the NASDAQ Rules. However, Ms. Siminoff informed us that she does not intend to stand for re-election when her term as a Class I director expires at our Annual Meeting and she will no longer serve as a director following the Annual Meeting.

The Board has, additionally, maintained a separation between the seats of Chairman and CEO since we went public in 2007 in recognition of the different demands and responsibilities of the roles and to emphasize the independence of the role of Chairman. The Board also meets regularly in executive session.

Board Oversight of Risk

The Board is responsible for overseeing our risk management but its duties in this regard are supplemented by the Audit Committee, which is responsible for discussing with management and our independent auditors policies with respect to risk assessment and risk management, including the process by which we undertake major financial and accounting risk assessment and management. The Audit Committee also oversees our corporate compliance programs, as well as the internal audit function. In addition to the Audit Committee’s work in overseeing risk management, our full Board periodically engages in discussions of the most significant risks that the Company is facing and how these risks are being managed, and the Board receives reports on risk management from senior officers of the Company and from the Chairman of the Audit Committee. The Audit Committee additionally meets privately with representatives of our management team in order to assess the overall climate and “tone at the top” and to provide the Audit Committee with direct feedback as to any control or oversight issues. Other committees, including the Compensation Committee, review risks relevant to their particular areas of responsibility, such as whether the compensation of executive management encourages them to take undue risk. These matters are reviewed at Board meetings as well and, if deemed necessary and appropriate, in executive session with only the independent directors present. Our management team has the primary responsibility for identifying and managing the known, material risks which could affect our operating and financial performance. At least annually, upon reviewing and establishing the financial and operating targets for the next fiscal year, the management team reviews with the full board the key risks facing the Company during the upcoming year and the plans the Company has put in place to mitigate those risks, and the management team reviews subsets of risk on a more frequent basis with the Board.

Board Committees and Meetings

Our Board of Directors has an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. Each committee has a written charter that is reviewed annually and revised as appropriate. A copy of each committee's charter is available on the Investor Relations section of our website at www.usautoparts.net.

During fiscal 2012, the Board of Directors and the various committees of the Board held the following number of meetings: Board of Directors—6; Audit Committee—4; Compensation Committee—5; and Nominating and Corporate Governance Committee—2. Additionally, there was 1 action taken by the Board via Unanimous Written Consent. During fiscal 2012, all but one director attended 100% of the aggregate of the total number of meetings of the Board of Directors, and no director attended fewer than 100% of the aggregate of the total number of meetings of any committees of the Board, which he or she was required to attend. Warren B. Phelps III attended 83% of the aggregate of the total number of meetings of the Board of Directors. We do not have a formal policy regarding attendance by members of our Board of Directors at annual meetings of stockholders; however, directors are encouraged to attend all such meetings. All of our directors attended our 2012 Annual Meeting of Stockholders.

Audit Committee. Our Audit Committee consists of Messrs. Majteles, Phelps and Ms. Siminoff. However, Ms. Siminoff informed us that she does not intend to stand for re-election when her term as a Class I director expires at our Annual Meeting and will cease to serve on our Audit Committee beyond that date. Mr. Phelps is the Chairman of the Audit Committee. Our Board of Directors has determined that each member of the Audit Committee is independent under the NASDAQ Rules and Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Mr. Phelps qualifies as an "audit committee financial expert" as that term is defined in the rules and regulations established by the SEC. The primary functions of this committee include the following:

- meeting with our management periodically to consider the adequacy of our internal controls and the objectivity of our financial reporting;
- meeting with our independent auditors and with internal financial personnel regarding these matters;
- pre-approving audit and non-audit services to be rendered by our independent auditors;
- appointing from time to time, engaging, determining the compensation of, evaluating, providing oversight of the work of and, when appropriate, replacing our independent auditors;
- reviewing our financial statements and periodic reports and discussing the statements and reports with our management and independent auditors, including any significant adjustments, management judgments and estimates, new accounting policies and disagreements with management;
- establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls and auditing matters;
- reviewing our financing plans and reporting recommendations to our full Board of Directors for approval and to authorize action; and
- administering and discussing with management and our independent auditors our Code of Ethics and Business Conduct.

Our internal financial personnel regularly meet privately with the Audit Committee and have unrestricted access to this committee. Our independent auditors report directly to the Audit Committee and they also have unrestricted access to this committee.

Compensation Committee. Our Compensation Committee consists of Messrs. Berman and Majteles and Ms. Siminoff. However, Ms. Siminoff informed us that she does not intend to stand for re-election when her term as a Class I director expires at our Annual Meeting and will cease to serve on our Compensation Committee

beyond that date. Mr. Berman is the Chairman of our Compensation Committee. Our Board of Directors has determined that each member of the Compensation Committee is independent under the NASDAQ Rules. The primary functions of this committee include the following:

- reviewing and, as it deems appropriate, recommending to our Board of Directors, policies, practices and procedures relating to the compensation of our directors, officers and other managerial employees and the establishment and administration of our employee benefit plans;
- exercising authority under our employee benefit plans;
- reviewing and approving executive officer and director indemnification and insurance matters; and
- advising and consulting with our officers regarding managerial personnel and development and succession planning.

A more detailed description of the role of the committee, including the role of executive officers and consultants in compensation decisions, can be found under “Executive Compensation and Other Information-Compensation Discussion and Analysis” below.

Nominating and Corporate Governance Committee. Our Nominating and Corporate Governance Committee consists of Messrs. Phelps, Berman and Majteles. Mr. Majteles is the Chairman of our Nominating and Corporate Governance Committee. Prior to February 2013, Ms. Siminoff served as the Chair of our Nominating and Corporate Governance Committee, until her replacement, Mr. Majteles, was appointed following her resignation from the committee. Our Board of Directors has determined that each member of the Nominating and Corporate Governance Committee is independent under the NASDAQ Rules. The primary functions of this committee include the following:

- identifying qualified candidates to become members of our Board of Directors;
- selecting nominees for election of directors at the next annual meeting of stockholders (or special meeting of stockholders at which directors are to be elected);
- selecting candidates to fill vacancies of our Board of Directors;
- developing and recommending to our Board of Directors our corporate governance guidelines; and
- overseeing the evaluation of our Board of Directors.

The Nominating and Corporate Governance Committee generally seeks directors with strong reputations and experience in areas relevant to the operations and strategies of the Company’s business. In connection with their recommendations regarding the size and composition of the Board, the Nominating and Corporate Governance Committee reviews the appropriate qualities and skills required of directors in the context of the then current make-up of the Board and the needs of the Company. The Nominating and Corporate Governance Committee generally identifies candidates for election to the Board of Directors; reviews their skills, characteristics and experiences; and recommends director nominees to the Board for approval. While we do not have a formal policy with regard to the consideration of diversity in identifying director nominees, the Nominating and Corporate Governance Committee strives to nominate directors with a variety of complementary skills and backgrounds so that as a group, the Board will possess the appropriate talent, skills, insight and expertise to oversee our business. The Nominating and Corporate Governance Committee assesses each candidate’s independence, personal and professional integrity, financial literacy or other professional or business experience relevant to an understanding of our business, his or her ability to think and act independently and with sound judgment, and ability and commitment to serve our and its stockholders’ long-term interests. All factors considered by the Nominating and Corporate Governance Committee are reviewed in the context of an assessment of the perceived needs of the Board at a particular point in time. As a result, the priorities and emphasis of the Nominating and Corporate Governance Committee and of the Board may change from time to time to take into account changes in our business, our future opportunities and strategic plans, and other trends, as well as the portfolio of skills and experience of current and prospective directors.

The Nominating and Corporate Governance Committee generally leads the search for and selects, or recommends that the Board select, candidates for election to the Board. Consideration of new director candidates typically involves a series of committee discussions, review of information concerning candidates and interviews with selected candidates. The Nominating and Corporate Governance Committee may in the future engage the services of a third-party search firm to identify director candidates.

The Nominating and Corporate Governance Committee will consider candidates for directors recommended by our stockholders who meet the eligibility requirements for submitting stockholder proposals for inclusion in our next proxy statement. This committee will evaluate such recommendations applying its regular nominee criteria. Eligible stockholders wishing to recommend a director nominee must submit such recommendation in writing to the Chair, Nominating and Corporate Governance Committee, care of the corporate Secretary, at the Company's address set forth on the first page of this proxy statement by the deadline for stockholder proposals set forth in the prior year's proxy statement, specifying the following information: (a) the name and address of the nominee, (b) the name, address and phone number of the stockholder making the nomination and of the director nominee, (c) a representation that the nominating stockholder is a stockholder of record of our stock entitled to vote at the next annual meeting and intends to appear in person or by proxy at such meeting to nominate the person specified in the notice, (d) the nominee's qualifications for membership on the Board, (e) a resume of the candidate's business experience and educational background as well as all of the information that would be required in a proxy statement soliciting proxies for the election of the nominee as a director, (f) a description of all direct or indirect arrangements or understandings between the nominating stockholder and the nominee and any other person or persons (naming such person or persons) pursuant to whose request the nomination is being made by the stockholder, (g) all other companies to which the nominee is being recommended as a nominee for director, and (h) a signed consent of the nominee to cooperate with reasonable background checks and personal interviews, and to serve as a director, if elected. In connection with its evaluation, the Nominating and Corporate Governance Committee may request additional information from the candidate or the recommending stockholder, and may request an interview with the candidate. The Nominating and Corporate Governance Committee has the discretion to decide which individuals to recommend for nomination as directors.

No candidates for director nominations were submitted to the Nominating and Corporate Governance Committee by any stockholder in connection with the election of a director at the Annual Meeting. The director nominee standing for election at this Annual Meeting is a current director of the company.

Stockholder Communications to the Board

Our Board of Directors has implemented a process by which stockholders may send written communications directly to the attention of the Board, any committee of the Board or any individual Board member, care of our corporate Secretary at 16941 Keegan Avenue, Carson, California 90746. The name of any specific intended Board recipient should be noted in the communication. Our corporate Secretary will be primarily responsible for collecting, organizing and monitoring communications from stockholders and, where appropriate depending on the facts and circumstances outlined in the communication, providing copies of such communications to the intended recipients. Communications will be forwarded to directors if they relate to appropriate and substantive corporate or Board matters. Communications that are of a commercial or frivolous nature or otherwise inappropriate for the Board's consideration will not be forwarded to the Board.

PROPOSAL TWO:
RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

We engaged the accounting firm of Deloitte & Touche LLP to serve as our independent auditors for the fiscal year ended December 29, 2012 and December 31, 2011. The Audit Committee of our Board of Directors has selected that firm to continue in this capacity for the fiscal year ending December 28, 2013. We are asking our stockholders to ratify the selection by the Audit Committee of Deloitte & Touche LLP as our independent auditors to audit our consolidated financial statements for the fiscal year ending December 28, 2013 and to perform other appropriate services. Stockholder ratification of the selection of Deloitte & Touche LLP as our independent auditors is not required by our bylaws or otherwise. In the event that the stockholders fail to ratify the appointment, the Audit Committee will reconsider its selection. Even if the selection is ratified, the Audit Committee, in its sole discretion, may direct the appointment of a different independent accounting firm at any time if the committee feels that such a change would be in our best interests and our stockholders.

A representative of Deloitte & Touche LLP is expected to be present at the Annual Meeting, and that representative will have the opportunity to make a brief presentation to the stockholders if he or she so desires and is expected to be available to respond to appropriate questions from stockholders.

Stockholder Approval

The affirmative vote of the holders of a majority of the shares of our common stock present or represented by proxy and entitled to vote at the Annual Meeting is being sought to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 28, 2013.

Recommendation of Our Board of Directors

Our Board of Directors recommends that the stockholders vote “FOR” the ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 28, 2013.

PROPOSAL THREE:
APPROVE A PROPOSED STOCK EXCHANGE PROGRAM

Overview of Proposal

On February 26, 2013, our Board approved, subject to stockholder approval, the exchange of certain outstanding stock options held by current employees, including our employees in the Philippines and executive officers (“Eligible Employees”), for new options to purchase fewer shares with an exercise price equal to at least the fair market value of our common stock on the date of grant of the new options. The options included in the proposed stock option exchange program are those options that have an exercise price greater than \$4.00 per share (the “Eligible Options”). Participation in the stock option exchange program by Eligible Employees will be voluntary. Former employees, consultants and non-employee directors will not be eligible to participate in the stock option exchange program. The exchange ratio for the stock option exchange program is 3.5:1; that is, each 3.5 shares subject to an Eligible Option will be exchanged for a new option to purchase one share of common stock, with the aggregate number of shares subject to the new option rounded down to the nearest share.

Stockholder approval of the stock option exchange program applies only to the stock option exchange program described in this proxy statement. If we were to implement a different stock option exchange program in the future, we would plan to seek stockholder approval for such other exchange program.

Reasons for the Stock Option Exchange Program

Stock option grants are a critical component of our compensation philosophy, the focal point of which is to increase long-term stockholder value. We believe stock options help us achieve this objective in several important ways: by aligning the employees’ interests with those of our stockholders, by motivating employees’ performance toward our long term success and by encouraging our executives and employees who have received option grants to continue their employment with us.

Despite our corporate achievements during the past fiscal year, our stock price has declined. Presently, almost all of our outstanding stock options are “underwater”, meaning the exercise price of those options is greater than our current stock price. This means that the vast majority of our historically granted stock options have little or no perceived value to the employees who hold them and are therefore no longer effective as incentives to motivate and retain these employees.

Our Board believes that it is critical to our future success to revitalize the incentive value of our stock option program to retain employees and recreate a personal stake in the long term financial success of the Company. The Board believes that without the proper balance between the long term components of our compensation structure (i.e., equity awards) and its short term components (i.e., salary and bonus), key employees are not properly motivated to align their interests with those of the stockholders and work toward reward for their contributions based upon increases in share value. The Board also recognizes our competition’s ability to attract and recruit top talent. The Board believes that it has a responsibility to address these issues and to properly incentivize our employees. Consequently, the Board has proposed the stock option exchange program described below.

Eligible Options

The Eligible Options are those outstanding options held by the Eligible Employees that have an exercise price greater than \$4.00 per share. As of May 22, 2013, these options were held by 95 Eligible Employees and covered 4,027,629 shares, representing 55.7% of the Company’s total outstanding stock options. Of the total number of shares subject to Eligible Options, 1,911,000 shares, or 47.4% of the Eligible Options, were held by our named executive officers. Some of the Eligible Options have exercise prices as high as \$11.68 per share.

Of the Eligible Options, 578,152 were granted under our 2006 Equity Incentive Plan, 2,664,477 were granted under our 2007 Omnibus Incentive Plan and 785,000 were granted under the 2007 New Employee Incentive Plan.

Exchange Ratios

The exchange ratio will be 3.5:1; that is, each 3.5 shares subject to an Eligible Option will be exchanged for a new option to purchase one share of common stock. Under the proposed stock option exchange program, Eligible Employees will be given the opportunity to exchange their Eligible Options for new stock options to purchase a fewer number of shares with an extended vesting period. Assuming that 100% of Eligible Employees participate in the stock option exchange program, Eligible Options covering 4,027,629 shares would be surrendered and cancelled, while new options covering 1,150,751 shares would be issued, resulting in a net reduction of 2,876,878 shares subject to outstanding options, or approximately 39.8% of all outstanding options as of May 22, 2013.

The table below provides an example of the exchange of an Eligible Option based on the exchange ratio:

Original Strike Price	Options to be Exchanged	Exchange Rate	New Options Issued	Net Reduction in Overhang
\$5.00	35,000	3.5:1	10,000	25,000

Stock Option Exchange Program Participation

Because the decision whether to participate in the stock option exchange program is completely voluntary, we are not able to predict who or how many Eligible Employees will elect to participate, how many Eligible Options will be surrendered for exchange, or the number of new options that may be issued.

Implementing the Stock Option Exchange Program

If stockholders approve the stock option exchange program, the program may be commenced at any time within six (6) months following stockholder approval, as determined by the Board. Even if the stockholders approve the stock option exchange program, the Board will retain the authority, in its sole discretion, to terminate or postpone the stock option exchange program at any time prior to the closing of the actual exchange offer to Eligible Employees (described below), or to exclude certain Eligible Options or Eligible Employees from participating in the stock option exchange program due to tax, regulatory or accounting reasons or because their participation would be inadvisable or impractical.

Upon commencement of the stock option exchange program, Eligible Employees will be offered the opportunity to participate in the exchange under a Tender Offer Statement to be filed by us with the SEC and distributed to all Eligible Employees. Employees will be given at least 20 business days in which to accept the offer of the new options in exchange for the surrender of their Eligible Options. The surrendered Eligible Options will be cancelled on the first business day following this election period. The new options will be granted on the date of cancellation of the surrendered Eligible Options and will have an exercise price at least equal to the fair market value of our common stock on the date of grant of such new options. Surrendered options from the 2006 Equity Incentive Plan, the 2007 Omnibus Incentive Plan and the 2007 New Employee Incentive Plan will be returned to the plan, as applicable, and will be available for future grant under such plan.

If on the date that the stock option exchange program commences, an Eligible Employee is no longer an employee of the Company for any reason (including layoff, termination, voluntary resignation, death or disability), that person will not be entitled to participate in the stock option exchange program. An Eligible Employee who elects to participate in the stock option exchange program must also continue to be employed with the Company on the date of the new grant in order to participate in the stock option exchange program and receive the new options.

A vote by an Eligible Employee in favor of this proposal at the Annual Meeting does not constitute an election to participate in the stock option exchange program.

Description of New Options Issued in Exchange

Exercise Price of New Options. All new options issued in the stock option exchange program will be granted with an exercise price at least equal to the fair market value of our common stock on the date of grant of the new options.

Vesting of New Options. New options granted in the stock option exchange program will vest beginning one year from the date of grant of the new options. This means that Eligible Employees who elect to participate in the stock option exchange program must complete an additional year of service to the Company before their new options would be exercisable, regardless of whether the old Eligible Options surrendered were partially or fully vested. All new options granted under the stock option exchange program will vest 25% on the first anniversary of the date of the grant of the new option and in 36 equal monthly installments thereafter.

Term of New Options. Each of the new options will have an expiration date that is ten years from the date of grant of the new option.

Other Conditions of New Options. The new options will be granted under and subject to the terms and conditions of the Company's 2007 Omnibus Incentive Plan. New option grants calculated according to the exchange ratio will be rounded down to the nearest whole share on a grant-by-grant basis. New options will not be issued for fractional shares.

U.S. Federal Income Tax Consequences

The exchange of options pursuant to the stock option exchange program should be treated as a non-taxable event for U.S. federal income tax purposes. No income should be recognized for U.S. federal income tax purposes by either the Company or participating employees upon the cancellation of surrendered options and the grant of new options in the exchange. All new options granted under the stock option exchange program will be incentive stock options for U.S. federal income tax purposes.

Accounting Impact

The stock option exchange program may result in additional share-based compensation expense for the Company depending on the number of shares tendered and our stock price at the time of the exchange. The unamortized compensation expense from the surrendered options and incremental compensation expense associated with the new options granted under the stock option exchange program will be recognized over the service period of the new options. If any portion of the new options granted is forfeited prior to the completion of the service condition due to termination of employment, the compensation cost for the forfeited portion of the award will not be recognized.

Potential Modification to Terms to Comply with Governmental Requirements

The terms of the stock option exchange program will be described in a Tender Offer Statement that we will file with the SEC. Although we do not anticipate that the SEC would require us to modify the terms materially, it is possible that we will need to alter the terms of the stock option exchange to comply with potential SEC comments.

Effect on Stockholders

The stock option exchange program is designed to reduce the number of shares currently subject to outstanding options and provide renewed incentives to motivate Eligible Employees to continue to create stockholder value. While we cannot predict which or how many employees will elect to participate in the stock option exchange program, please see the "Exchange Ratios" section above for the approximate reduction of the number of shares underlying options outstanding assuming that 100% of Eligible Options are exchanged and replacement option grants are made in accordance with the exchange ratio described above.

Stockholder Approval

The affirmative vote of the holders of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting is being sought to approve the stock option exchange program.

Recommendation of Our Board

Our Board of Directors recommends that the stockholders vote “FOR” the approval of the proposed stock option exchange program.

Compensation Discussion and Analysis

This section explains our executive compensation program as it relates to the six “named executive officers” listed below whose 2012 compensation information is presented in the tables following this discussion in accordance with SEC rules. The primary objective of our executive compensation policies and programs is to

serve our stockholders by attracting, retaining and motivating talented and qualified executives. We believe this best serves our stockholders by providing a stable management team that is focused on long-term growth and profitability without incurring undue risk.

The three key elements of the current executive compensation program are annual base salary, cash bonuses, and long-term, equity-based incentives. We also provide certain of our executive officers with severance and change-in-control benefits as well as limited perquisites and other personal benefits. Our discussion below contains an additional explanation of each of these elements.

In evaluating the mix of these compensation components, as well as the short-term and long-term value of the executive compensation plans, the Compensation Committee considers both the performance and skills of each executive, as well as the compensation paid to those executives in similar organizations with similar responsibilities. We focus on providing a competitive compensation package which provides significant short and long-term incentives for the achievement of measurable corporate and individual performance objectives. We focus on, among other things, the following five elements in determining compensation:

- *Competition.* Compensation should reflect the competitive marketplace, so that the Company can attract, retain, and motivate key executives of superior ability who are critical to our future success.
- *Accountability for Business Performance.* Compensation should be tied in part to overall Company financial performance, so our executive officers are held accountable through their compensation both in salary and in long-term incentive compensation.
- *Accountability for Individual Performance.* Compensation should be tied in part to the individual's performance to encourage and reflect individual contributions to the Company's performance.
- *Alignment with Stockholder Interests.* Compensation should be tied in part to the Company's stock performance through the grant of equity-based awards which serve to align our executive officer's interests with those of our stockholders.
- *Likelihood of Compensation Structure to Encourage Excessive Risk Taking.* Compensation, while tied in part to Company financial and stock performance, should not be tied in such a way as to encourage our executive officers to take excessive risk in operating the business or consummating strategic projects designed to artificially inflate earnings or share price.

Additionally, the Board of Directors adopted, and the Company's stockholders approved at the 2011 Annual Meeting, a say-on-pay policy pursuant to the recently adopted Section 14A – Shareholder Approval of Executive Compensation, of the Exchange Act. Every three years, stockholders are able to approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables, notes and narrative in the Proxy Statement. This advisory say-on-pay resolution is non-binding on the Board of Directors, however, the Board of Directors and the Compensation Committee will carefully review and consider the voting results when evaluating the Company's executive compensation, in the applicable years when advisory votes are solicited. The Board of Directors and the Compensation Committee carefully evaluated the results of the stockholder advisory vote of executive compensation in fiscal 2011 and considered this vote to be a strong endorsement of the Company's policies and practices and has determined to conduct its review of executive compensation consistent with past practice. Unless the Board of Directors decides to modify its policy regarding the frequency of soliciting advisory votes on the compensation of the Company's named executives, which is currently set at every three years, the next scheduled say-on-pay vote will be at the 2014 Annual Meeting of Stockholders.

Decisions regarding executive compensation are the primary responsibility of our Compensation Committee, in consultation from time to time with the Board of Directors, management and compensation consultants. To assist with 2012 compensation decisions, the Chief Executive Officer prepared an assessment of each individual's performance during the preceding calendar year, as well as a review of how each executive's

compensation compared with the executives in the peer group companies provided in Compensia's report for fiscal 2011, and recommended to the Compensation Committee base salary amounts, annual performance goals and annual incentive compensation for all executive officers except himself based upon those goals. When making 2012 compensation decisions, the Compensation Committee reviewed this report, assessed the CEO with regard to his own performance, established and made the final determinations regarding compensation of our named executive officers, and then determined that there would be no increases in base salaries based upon the Company's 2011 performance. Since there were no increases in the base salary for our executive officers and no stock options were granted to them during fiscal 2012, our Compensation Committee determined that the Company could continue to rely on Compensia's report for fiscal 2011 and the Company did not engage Compensia's services for fiscal 2012.

The components of our executive compensation program generally include (a) base salaries; (b) annual cash incentive opportunities; (c) in certain years, annual equity grants; and (d) in certain years, long-term equity incentive opportunities. Executives also participate in employee benefit programs available to the broader employee population such as our 401(k) plan and health insurance. We also maintain a deferred compensation plan for employees of the Company earning greater than \$110,000 annually, in which such employees are eligible to participate and for which the Company matches 50% of contributions up to 2% of annual base salary. Our executive compensation program is intended to provide executives with overall levels of compensation that are competitive within the e-commerce industry, as well as within a broader spectrum of companies with comparable revenues and profitability.

In connection with our initial public offering in 2007, we retained an independent compensation consultant, Compensia, Inc., to assist us in establishing a compensation program which includes objective criteria and formalized policies with respect to the determination of compensation amounts for our executives. As part of our annual evaluation of executive compensation, we engaged Compensia each year following the initial public offering until fiscal 2012 in order to ensure that the Company remained competitive in attracting and retaining talented executives. We relied on Compensia's report for fiscal 2011 and reviewed Compensia's fiscal 2011 report when determining fiscal 2012 compensation, but because the Compensation Committee determined there would be no changes to the compensation amounts for our executive officers in fiscal 2012 from fiscal 2011, Compensia was not engaged to assist with determining fiscal 2012 compensation. The peer group identified by Compensia includes the following companies, which were selected based upon their revenue size and their e-commerce technology and retail market focus.

Elements of Executive Compensation

Base Salary

We seek to provide our senior management with a base salary appropriate to their roles and responsibilities, and salaries for named executive officers (as defined below in "Summary Compensation Table") are established and adjusted at the discretion of the Compensation Committee. In 2012, the base salary for our executives did not change from fiscal 2011 because the Compensation Committee determined that no increases in base salaries were appropriate based on the Company's performance in 2011. Base salaries are reviewed annually, and adjusted from time to time to realign salaries with market levels after taking into account individual responsibilities, performance and experience.

2012 base salaries for each named executive officer were as follows:

<u>NAME AND TITLE</u>	<u>2012 BASE SALARY</u>
Shane Evangelist Chief Executive Officer	\$ 425,000
David G. Robson Chief Financial Officer	\$ 300,000
Theodore R. Sanders former Chief Financial Officer (1)	\$ 307,500
Aaron E. Coleman Chief Operating Officer	\$ 300,000
Houman Akhavan Vice President Marketing	\$ 270,000
Bryan P. Stevenson Vice President, General Counsel	\$ 231,000

(1) Mr. Sanders resigned as the Company's Chief Financial Officer on January 3, 2012.

Annual Incentive Bonuses

In addition to base salary, our executives are eligible to earn annual incentive bonus compensation. Our incentive bonus plan ties the level of achievement of Company annual financial performance goals to the amount of annual incentive compensation that we pay to each of our executives. These performance goals incorporate a combination of revenue and EBITDA thresholds, as well as individual performance, so as to encourage the executives to maximize the generation of profitable new business as well as optimizing the profitability and performance of existing business. As a result, a significant portion of our executives' total compensation is dependent on the degree to which we achieve these performance goals. This provides an incentive for our executives to increase our performance with respect to these measures, and in turn increase stockholder value. This combination additionally limits the incentive for executives to take undue risk to maximize their incentive compensation. Incentive bonuses are established, adjusted and given final approval by the Compensation Committee, which has full discretion to award a bonus or not. While the incentive bonus has traditionally been paid in cash, in 2009 the Company initiated a program whereby the executives can each make an election to receive part of his bonus in shares of Company common stock at the time the target bonus-parameters are approved by the committee. For 2011 and 2012, incentive bonuses were established based upon revenue and adjusted EBITDA goals. Target incentive bonuses for our executive officers were established at approximately 36% to 80% of their respective annual base salaries in alignment with Compensia's report for fiscal year 2011, with Messrs. Evangelist, Sanders, Coleman and Akhavan each electing to take a portion of his incentive compensation in common stock of the Company rather than cash. The Compensation Committee believed that with the significant equity granted to each executive in 2009 in the form of options as well as the payout of Mr. Evangelist's 2009 bonus in shares of common stock of the Company, the lower cash compensation was appropriate for fiscal 2010, 2011 and 2012. However, the Company fell short of its fiscal 2012 revenue and adjusted EBITDA goals, therefore our executives' annual incentive bonuses were not paid.

Total target bonuses and actual bonuses paid for fiscal 2012 were as follows:

NAME AND TITLE	TARGET BONUS	BONUS PAID/GRANTED	
	CASH	CASH	STOCK
Shane Evangelist Chief Executive Officer	\$ 340,000	\$ —	—
David G. Robson Chief Financial Officer	\$ 150,000	\$ —	—
Theodore R. Sanders former Chief Financial Officer	\$ 153,750	\$ —	—
Aaron E. Coleman Chief Operating Officer	\$ 150,000	\$ —	—
Houman Akhavan Vice President Marketing	\$ 95,000	\$ —	—
Bryan P. Stevenson Vice President, General Counsel	\$ 70,000	\$ —	—

Long-Term Equity Compensation

We believe that long-term performance of the Company is achieved through an ownership culture that encourages long-term performance by our executive officers through the use of equity-based awards, and have established equity incentive plans to provide our employees, including our executive officers, with incentives to help align those employees' interests with the interests of stockholders. We do not have specific ownership percentage requirements for our executive officers, but in making additional awards take into consideration the ownership percentages of the executive officers of our peer group companies, as well as the balance between vested and unvested options held by the executive. All option grants are made at the fair market value of the Company's stock on the date of grant. Our Chief Executive Officer makes recommendations on awards of options to the Compensation Committee, which then considers the recommended grants at each meeting, which generally coincide with meetings of the Board of Directors. If the hire date of an employee who is not an executive officer does not occur at the time of a Compensation Committee meeting, we may credit the employee with vesting time retroactive to hire date, but the exercise price of the option is always equal to the fair market value on the date of grant, no matter the vesting schedule. Executive officer options are generally granted at the time of hire.

From time-to-time, we may also grant options that will vest based on the achievement of certain operational performance goals, which we believe help create incentives to help align our employees' interests with the interests of stockholders. For example, Charlie Fischer, our Senior Vice President Global Sourcing and Procurement, has been granted two options that have performance-based vesting. Mr. Fischer is no longer considered a named executive officer under Item 402 (a)(3) of Regulation S-K, however he remains as the Company's Senior Vice President Global Sourcing and Procurement. The first option with performance-based vesting was granted to Mr. Fischer on October 29, 2009 and the second option with performance-based vesting was granted to Mr. Fischer on December 7, 2011. The shares underlying Mr. Fischer's options will vest and become exercisable 25% after the first anniversary of the grant and monthly thereafter over the next 36 months, except that they shall not be exercisable until certain performance thresholds are met related to incremental increases of private label stock keeping units available for sale and incremental increases in profitability related to the applicable additional private label stock keeping units available for sale, as set forth in the applicable non-incentive stock option agreement. The Company does not have discretion that may be exercised with respect to the vesting of Mr. Fischer's options absent attainment of the specified operational performance goals. In formulating the performance goals for Mr. Fischer's options, the Compensation Committee balanced the consideration of the likelihood of achievement for these operational performance goals with the effectiveness of such goals in incentivizing Mr. Fischer. The Compensation Committee aimed to set performance goals that are closely aligned to the Company's goals. The goals are expected to be possible, but not easy, to achieve with meaningful effort. However, with respect to the performance-based option granted to Mr. Fischer's on

October 29, 2009, because the Company expects a continued downward trend in the Company's revenues and increases in net loss to continue over the next twelve months, it is not likely that Mr. Fischer will achieve his performance targets by October 2013, which is the vesting end date for this option. Related to the performance-based option granted to Mr. Fischer's on December 7, 2011, if the expected downward trend in the Company's results of operations continues for longer than the Company expects, the Company similarly believes it is not likely that Mr. Fischer will achieve his performance targets for this option.

Equity compensation granted to the executive officers and its grant date fair values are presented in the compensation tables, below.

Other Compensation

The Compensation Committee may determine or the Chief Executive Officer may recommend from time to time that an executive officer has performed in a manner that should be rewarded with a "spot" or extraordinary bonus. No such bonuses were paid in fiscal 2012 and 2011. Finally, our executive officers are eligible to receive the same benefits, including non-cash group life and health benefits, as well as a Company match of 50% of contributions to the Company's 401(k) up to 6% of salary, that are available to all employees, plus a Company match of 50% of contributions to the Company's non-qualified deferred compensation plan up to 2% of salary. Certain additional benefits may be provided to our executives such as a car allowance, but each on a case-by-case basis.

Likelihood of Compensation Structure to Encourage Excessive Risk Taking

After a thorough review of the Company's compensation policies as they apply to all employees and more specifically the executive officers, the Compensation Committee believes that the policies do not encourage unnecessary risk taking and the impact of risk that may be encouraged by the policies would not present a material adverse impact to the Company. We provide base salaries to provide stability and predictability of monthly income, and provide incentive cash or stock bonuses and long-term equity grants to encourage focus on profitability and growth of the Company over time.

Pension Benefits

We do not have any qualified or non-qualified defined benefit plans.

Non-Qualified Deferred Compensation

We have a non-qualified defined contribution plan that was established in January 2010; employees earning greater than \$110,000 are currently eligible to participate in the plan. The plan utilizes a rabbi trust for protection of its assets, although in the event of bankruptcy the plan would become a general creditor of the Company. Participants may contribute up to 90% of their annual base salary and up to 100% of bonus awards and the Company matches 50% of contributions up to 2% of salary.

Equity Compensation Plans

We have options granted and outstanding under three equity compensation plans, the 2006 Equity Incentive Plan, the 2007 Omnibus Incentive Plan, and the 2007 New Employee Incentive Plan.

2006 Equity Incentive Plan

Our 2006 Equity Incentive Plan (the "2006 Incentive Plan") was adopted by our board of directors and approved by our stockholders in March 2006. A total of 4,365,340 shares of our common stock were previously reserved for issuance under the 2006 Incentive Plan. Under the 2006 Incentive Plan, we were authorized to grant to officers and other employees options to purchase shares of our common stock intended to qualify as incentive

stock options, as defined under Section 422 of the Internal Revenue Code of 1986, and to grant to employees, consultants or independent advisors options that do not qualify as incentive stock options under the Internal Revenue Code. All options granted under the 2006 Incentive Plan have terms not exceeding ten years and are immediately exercisable but vest over time. Options granted under the 2006 Incentive Plan are not transferable by the recipient except by will or by the laws of descent and distribution. As of May 22, 2013, options to purchase 668,152 shares of our common stock were outstanding under the 2006 Incentive Plan at a weighted average exercise price of \$8.07 per share. No options have been granted under the 2006 Incentive Plan after September 30, 2006, and all outstanding options are governed by the terms and conditions of this plan.

2007 Omnibus Incentive Plan

We adopted the 2007 Omnibus Incentive Plan (the “2007 Omnibus Plan”) in January 2007, which became effective on February 8, 2007, the effective date of the registration statement filed in connection with our initial public offering. Under the 2007 Omnibus Plan, the Company was previously authorized to issue 2.4 million shares of common stock under various instruments plus an automatic annual increase on the first day of each of the Company’s fiscal years beginning on January 1, 2008 and ending on January 1, 2017 equal to (i) the lesser of (A) 1,500,000 shares of Common Stock or (B) five percent (5%) of the number of shares of Common Stock outstanding on the last day of the immediately preceding fiscal year or (ii) such lesser number of shares of Common Stock as determined by the Company’s board of directors. Options granted under the 2007 Omnibus Plan generally expire no later than ten years from the date of grant and generally vest over a period of four years. The exercise price of all option grants must be equal to 100% of the fair market value on the date of grant. The 2007 Omnibus Plan provides for automatic grant of options to purchase common stock to non-employee directors. As of May 22, 2013, options to purchase 5,771,404 shares of our common stock were outstanding under the 2007 Omnibus Plan at a weighted average exercise price of \$4.40 per share and 2,058,988 shares of our common stock are reserved for future issuance under the 2007 Omnibus Plan.

2007 New Employee Incentive Plan

We adopted the 2007 New Employee Incentive Plan (the “2007 New Employee Plan”) in October 2007. Under the 2007 New Employee Plan, the Company is authorized to issue 2.0 million shares of common stock under various instruments solely to new employees. Options granted under the 2007 New Employee Plan generally expire no later than ten years from the date of grant and generally vest over a period of four years. The exercise price of all option grants must be equal to 100% of the fair market value on the date of grant. As of May 22, 2013, options to purchase 785,000 shares of our common stock were outstanding under the 2007 New Employee Plan at a weighted average exercise price of \$8.46 per share and 781,667 shares of our common stock are reserved for future issuance under the 2007 New Employee Plan.

Employment Contracts and Termination of Employment and Change of Control Arrangements

In March 2010, in order to rectify certain inconsistencies and to provide more standard language regarding benefits and responsibilities of each executive in the event of a change in control, we amended the employment agreements originally entered into with Shane Evangelist, our Chief Executive Officer, Theodore R. Sanders, our former Chief Financial Officer, and Aaron Coleman, our Chief Operating Officer. The amendments were made after the Compensation Committee consulted with Compensia, its compensation consultant, as well as outside counsel and determined that the provisions were in accordance with the Company’s benchmark peer group. The changes are primarily as follows:

- Provide, for the CEO, the CFO and the COO, that all options (those initially granted in connection with commencement of employment and those granted thereafter) will be subject to “double-trigger” vesting acceleration in the event the officer is terminated or resigns for “good reason” (as defined in the Amended Agreement) following a change in control of the Company;
- Provide that the “double trigger” vesting acceleration protection period will commence 3 months before a change in control and end 12 months following the change in control;

-
- Provide that a resignation with good reason must occur within two years following the event giving rise thereto;
 - To provide, for the CFO and the COO, that good reason will include a change in the executive's authority, duties or responsibilities (including diminished duties resulting from no longer being an executive officer of a publicly-traded company) and a change in the authorities, duties or responsibilities of the supervisor to whom the executive is required to report;
 - Provide that, following a change in control, a resignation for good reason due to a change in the executive's authority, duties or responsibility or that of his supervisor cannot be triggered prior to six months after a change in control; and
 - Provide that the portion of severance relating to the pro rata bonus is at the "target" level.

Agreements with Shane Evangelist

On September 18, 2012, we amended the employment agreement with Shane Evangelist, our Chief Executive Officer to extend the term of the Company's existing employment agreement entered into with Mr. Evangelist on October 12, 2007, as amended on March 29, 2010. Pursuant to the amended agreement, Mr. Evangelist will continue to receive an annual base salary of \$425,000. Mr. Evangelist will also continue to be eligible to receive an annual target incentive bonus of up to 80% of his annual base salary, depending on the achievement of certain performance goals to be established by the Compensation Committee as described in the CD&A above. While Mr. Evangelist will continue to be employed on an at-will basis, this amended employment agreement provides that in the event of his involuntary termination by the Company for any reason (other than for cause) or in the event of his own voluntary resignation with good reason, Mr. Evangelist will continue to be entitled to severance benefits consisting of, among other things, continuation of his annual base salary for a period of one year following termination, a pro-rated portion of his target bonus for the year in which he was terminated, and reimbursement for the cost of COBRA coverage for a period of up to one year following his termination of employment. If a triggering event under the severance provisions of his employment agreement had occurred on the last business day of fiscal 2012, then Mr. Evangelist would have been entitled to a payment of \$425,000 and approximately \$16,000 of COBRA payments. As of December 29, 2012, in the event of a change in control, unvested outstanding options of 10,417 shares would have immediately vested and become fully exercisable, and the value realized would have been approximately \$3,000. The value realized is based on the fair market value per share of our common stock as of December 29, 2012 of \$1.85 minus the exercise price of \$1.59 per share.

Agreements with David G. Robson

On January 3, 2012, the Company appointed David G. Robson as the Company's Chief Financial Officer, effective immediately. In connection with Mr. Robson's appointment as Chief Financial Officer, Mr. Robson entered into an employment agreement, pursuant to which Mr. Robson will receive an annual base salary of \$300,000, subject to an annual performance review. Mr. Robson will also be eligible to receive an annual target incentive bonus of up to 50% of his annual base salary, depending on the achievement of certain performance goals to be established by the Compensation Committee of the Company's Board of Directors. While Mr. Robson will be employed on an at-will basis, the employment agreement provides that in the event of his termination for any reason (other than for cause) or as a result of his own voluntary resignation with good reason, Mr. Robson will be entitled to severance payments equal to one year's base salary (payable in accordance with the Company's regular pay practices), plus a pro-rated portion of his target bonus for the year in which he was terminated, and reimbursement for the cost of COBRA coverage for a period of up to twelve months following his termination of employment. If a triggering event under the severance provisions of his employment agreement had occurred on the last business day of fiscal 2012, then Mr. Robson would have been entitled to a payment of \$300,000 and approximately \$12,000 of COBRA payments.

In connection with the employment agreement, Mr. Robson was granted a stock option to purchase 300,000 shares of the Company's common stock pursuant to the 2007 Omnibus Incentive Plan and a Non-Qualified Stock Option Agreement between the Company and Mr. Robson. The exercise price for the option is \$4.62, which was the closing sales price of the Company's common stock as reported by NASDAQ on the date of grant. The option vests over a four year period, with 25% vesting and becoming exercisable on January 3, 2013, and the remainder of which vests and becomes exercisable in 36 equal monthly installments thereafter. As of December 29, 2012, in the event of a change in control, unvested outstanding options of 300,000 shares would have immediately vested and become fully exercisable, but there would have been no value realized as the per share exercise price of \$4.62 exceeded the fair market value of our common stock as of December 29, 2012 of \$1.85.

Agreements with Theodore R. Sanders

On January 3, 2012, Theodore R. Sanders resigned as the CFO, effective immediately. In connection with his resignation, the Company entered into an Amended and Restated Employment Agreement with Mr. Sanders, pursuant to which Mr. Sanders served as an Internal Consultant for the Company through June 17, 2012. The Amended and Restated Employment Agreement replaces and supersedes the Employment Agreement entered into with Mr. Sanders in March 2010. Pursuant to the terms of the Amended and Restated Employment Agreement, Mr. Sanders received an annual pro-rata base salary of \$307,500 through June 17, 2012 and reimbursement for the cost of COBRA coverage until January 17, 2013.

Agreements with Aaron E. Coleman

On September 18, 2012, we amended the employment agreement with Aaron Coleman, our Chief Operating Officer to extend the term of the Company's existing employment agreement entered into with Mr. Coleman on April 3, 2008, as amended on March 29, 2010. Pursuant to the amended agreement, Mr. Coleman will continue to receive an annual base salary of \$300,000. Mr. Coleman will also be eligible to receive an annual target incentive bonus of up to 50% of his annual base salary, based upon us reaching our revenue and EBITDA goals as well as his achievement of certain individual goals to be established by the Compensation Committee. While Mr. Coleman will be employed on an at-will basis, his employment agreement provides that in the event of his termination for any reason other than for cause or other than as a result of his own voluntary resignation without good reason, Mr. Coleman will be entitled to severance payments equal to one year's base salary (payable over one year in accordance with our regular pay practices), plus a pro-rated portion of his annual target performance bonus for the year in which he was terminated, and reimbursement for the cost of COBRA coverage for up to one year following his termination of employment. If a triggering transaction had occurred as of the last business day of fiscal year 2012, then Mr. Coleman would have been entitled to a payment of \$300,000 and approximately \$16,000 of COBRA payments.

As provided in his employment agreement, Mr. Coleman was granted one ten year stock option to purchase up to 250,000 shares of our common stock, which will vest over a four year period, with 25% vesting on the one year anniversary of the grant date and the remainder vesting in 36 equal monthly installments thereafter. In the event that Mr. Coleman's employment with us is terminated for any reason other than for cause or if he resigns without good reason following certain changes in control of our company, the option will immediately vest and become fully exercisable. If a triggering transaction had occurred as of the last business day of fiscal year 2012, under the amended agreement, all of his unvested outstanding shares would have vested and become fully exercisable, totaling 65,105 shares, and the value realized would have been approximately \$1,000. The value realized, if any, is based on the excess of the fair market value per share of our common stock as of December 29, 2012 of \$1.85 over the exercise price. The exercise price per share for these options are \$7.99 for 32,500 shares, \$1.59 for 2,605 shares and \$5.00 for 30,000 shares.

Agreements with Houman Akhavan

We entered into an offer letter with Houman Akhavan in January 2006, pursuant to which he agreed to serve as our Vice President of Marketing. In the event Mr. Akhavan's employment is terminated for any reason other

than for cause, then we will be required to pay six months of severance to Mr. Akhavan based on his average pay for the six month preceding the termination date. If a triggering event under the severance provisions of his agreement had occurred on the last business day of fiscal year 2012, then Mr. Akhavan would have been entitled to a payment of approximately \$135,000.

In 2006, we granted to Mr. Akhavan options to purchase an aggregate of 231,000 shares of our common stock. This stock option agreement provides that in the event of an involuntary termination of the applicable officer's service with us within 12 months after a change in control of the Company, then all unvested option shares will immediately vest and will remain exercisable until the earlier of (i) the expiration of such options, or (ii) the one year anniversary of the involuntary termination. If a triggering transaction had occurred as of the last business day of fiscal year 2012, all of his unvested outstanding options would have vested and become fully exercisable, totaling 51,668 shares, and the value realized would have been approximately \$1,000. The value realized, if any, is based on the excess of the per share fair market value of our common stock as of December 29, 2012 of \$1.85 over the exercise price. The exercise price per share for these options are \$1.59 for 2,084 shares, \$5.00 for 22,500 shares and \$7.99 for 27,084 shares.

Agreements with Bryan P. Stevenson

On May 15, 2012, we entered into an employment agreement with Bryan P. Stevenson, our Vice President, General Counsel and Secretary. Mr. Stevenson will receive an annual base salary of \$231,000. Mr. Stevenson will also be eligible to receive an annual target incentive bonus of up to 30% of his annual base salary, based upon goals to be established by the Compensation Committee. While Mr. Stevenson will be employed on an at-will basis, his employment agreement provides that in the event of his termination for any reason other than for cause or other than as a result of his own voluntary resignation without good reason, Mr. Stevenson will be entitled to severance payments equal to six month's base salary (payable over six months year in accordance with our regular pay practices), plus a pro-rated portion of his annual target performance bonus for the year in which he was terminated, and reimbursement for the cost of COBRA coverage for up to one year following his termination of employment. If a triggering transaction had occurred as of the last business day of fiscal year 2012, then Mr. Stevenson would have been entitled to a payment of \$115,000 and approximately \$12,000 of COBRA payments.

Mr. Stevenson was granted a stock option to purchase 75,000 shares and 50,000 shares of the Company's common stock pursuant to the Company's 2007 Omnibus Incentive Plan and Non-Qualified Stock Option Agreements between the Company and Mr. Stevenson. The exercise prices for the options are \$6.76 and \$4.64 respectively, which was the closing sales price of the Company's common stock as reported by NASDAQ on the dates of grant. These option vests over a four year period, with 25% vesting and became exercisable on March 14, 2012 and December 6, 2012 respectively, and the remainder of which vests and becomes exercisable in 36 equal monthly installments thereafter. If a triggering transaction had occurred as of the last business day of fiscal year 2012, all of his unvested outstanding shares would have vested and become fully exercisable, totaling 79,688 shares, but there would have been no value realized as the exercise prices per share of \$6.76 and 4.64 exceeded the fair market value per share of our common stock as of December 29, 2012 of \$1.85.

Tax and Accounting Impact of Executive Compensation

Section 162(m) of the Internal Revenue Code limits the deductibility of executive compensation paid to the chief executive officer and to each of the three other most highly compensated officers of a public company (other than the chief financial officer) to \$1 million per year. However, compensation that is considered qualified "performance-based compensation" generally does not count toward the \$1 million deduction limit.

The Company annually reviews the compensation paid to its Chief Executive Officer and each of the three other most highly compensated officers to determine the deductibility of compensation under Section 162(m). Base salary, by its nature, does not qualify as performance-based under Section 162(m). The Company's grants of performance-based stock and annual cash bonus payments may qualify as performance-based compensation.

For 2012, the Company believes all compensation paid to its executives is fully deductible by the Company without regard to Code Section 162(m).

Summary Compensation Table

The following table shows information regarding the compensation earned or awarded during the fiscal years ended December 29, 2012, December 31, 2011 and January 1, 2011 by our Chief Executive Officer and our other executive officers who were employed by us as of December 29, 2012. See also our discussion of share-based compensation under “Management’s Discussion and Analysis of Financial Condition and Results of Operations – Critical Accounting Policies and Estimates” in the Company’s Annual Report on Form 10-K for the fiscal year ended December 29, 2012. For option awards, please note that amounts reported for fiscal 2011 and 2010 in our 2012 Proxy Statement were based on the share-based compensation expense recognized in accordance with FASB ASC Topic 718 so amounts previously reported were revised to reflect the grant date fair value of the option awards.

In addition, if the Average Closing Price for the foregoing milestone has been achieved during the one or two calendar months prior to his termination of employment (other than cause or due to death or disability) or upon his resignation for good reason, Mr. Sanders may have up to an additional two months following his termination of employment to attain the stock price milestones. The stock price milestones will be adjusted for any stock dividends, splits, combinations or similar events with respect to the Company's common stock. The performance-based option became fully-vested in October 2009.

The Board of Directors determined in 2009 that it is appropriate for retention of our executives to implement a deferred compensation plan so that employees earning greater than \$110,000 annually could make contributions to their retirement in addition to those allowed under our 401(k) plan, which has required deferrals to be returned to certain employees who contributed more than 401(k) discrimination testing will allow under certain circumstances. The deferred compensation plan allows participants to defer as much as 90% of salary and 100% of any bonuses, and the Company matches 50% of any employee contributions, up to a maximum of 2% of salary and credited to the account at the end of each year. Company contributions vest over a 3-year period. The minimum allowed deferral is \$5,000, and the participant can elect to have contributions paid out at a date certain or upon retirement from the Company. Account balances can be paid out in lump sum or installments upon retirement or disability of the participant, but lump-sum payouts are mandatory upon termination of employment.

or death; change of control; or an “in-service” or date certain payout. The plan is funded through the purchase of company owned life insurance through a rabbi trust, and each participant is granted a death benefit of 3 times his or her salary. Included above, total participant deferrals and Company contributions into the plan were \$100,294 for the year ended December 29, 2012.

Director Compensation

The compensation and benefits for service as a member of the Board of Directors is determined by our Board of Directors. Directors employed by us or one of our subsidiaries are not compensated for service on the Board or on any committee of the Board; however, we reimburse each of our directors for any out-of-pocket expenses in connection with attending meetings of our Board of Directors and committees of the Board of Directors. Each of our non-employee directors, other than Messrs. Harman and Khazani, are entitled to a fee of \$25,000 per year for his or her service as a director. Members of the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee each receive an additional \$7,500, \$5,000 and \$2,500, respectively, per year for his or her service on such committee. The chairpersons of the Board, Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee receive an additional \$25,000, \$22,000, \$7,500, and \$5,000, respectively, per year for his or her service as chairperson for such committee.

Any non-employee director who is first elected to the Board of Directors will be granted an option to purchase 45,000 shares of our common stock on the date of his or her initial election to the Board of Directors. In addition, on the date of each annual stockholders meeting, each person who has served as a non-employee member of the Board of Directors for at least six months before the date of the stockholder meeting will be granted a stock option to purchase 20,000 shares of our common stock. This was increased from prior years due to additional demands on the time of each director in providing oversight and guidance to the Company. These options will have an exercise price per share equal to the fair market value of our common stock on the date of grant and will vest over a three year period, subject to the director’s continuing service on our Board of Directors. These options will also immediately vest in full upon a change in control of the Company. The term of each option granted to a non-employee director shall be ten years. These options will be granted under our 2007 Omnibus Incentive Plan.

Director Stock Ownership Guidelines and Director Payment Election Plan

In June 2011, in an effort to further align directors’ interests with those of shareholders and implementing best practices in corporate governance, the Company implemented guidelines for director share ownership. The stock ownership guideline is for directors to own and maintain a minimum of \$100,000 of our stock (a multiple of 4 times the annual \$25,000 director retainer). Current directors will have 3 years from the date of the approval of the guideline and any new directors will have 3 years from the date of their initial election to the Board of Directors to comply.

In July 2011, the Board of Directors approved the Director Payment Election Plan which provides the directors with a convenient mechanism to acquire stock to comply with the director stock ownership guidelines. Each year the Director Payment Election Plan allows for a director to elect, beginning on the first day of the open trading window following the annual meeting of the Company’s stockholders and ending on the last day of such open trading window, to receive, in lieu of cash, all or a specified percentage of all fees to be earned for serving on the Board of Directors in shares of the Company’s common stock. The election shall be irrevocable for each applicable year. The Company will issue to each director who has elected to receive common stock, on the date fees become payable on a quarterly basis during the applicable year in accordance with the Company’s normal payment practices, a number of shares of common stock equal to (i) the cash value of any fees otherwise payable to the director, divided by (ii) the closing sales price for the common stock on the applicable payment date. If the calculation would result in the issuance of any fractional share, the Company will, in lieu of issuing any fractional share, pay cash equal to the fraction multiplied by the closing sales price on the applicable payment date.

For fiscal 2012 each of our non-employee directors, other than Messrs. Harman and Khazani, received stock options and \$25,000 per year for his or her service as a director, as well as the payment of an additional \$7,500 per year for serving on the Audit Committee, \$5,000 per year for serving on the Compensation Committee or \$2,500 per year for serving on the Nominating and Governance Committee. In addition, the chairpersons of the Audit Committee, the Compensation Committee and the Nominating and Governance Committee received \$22,000, \$7,500 and \$5,000 per year, respectively for their service on such committees during fiscal 2012.

The following table sets forth a summary of the compensation earned in fiscal year 2012 by each person who served as a director during such year, who is not a named executive officer.

Related Party Transactions

Beginning in November 2003, the Company has leased its former corporate headquarters and primary warehouse from Nia Chloe, LLC (“Nia Chloe”), a member of which is our board member, Sol Khazani. Another Nia Chloe member, Mehran Nia, was also one of our board members until his resignation in December 2009, and Mr. Nia remains a stockholder owning greater than 5% of our common stock. Lease payments and expenses associated with this related party arrangement totaled \$374,000, \$374,000 and \$389,000, respectively, for the years ended December 29, 2012, December 31, 2011 and January 1, 2011.

The Company has entered into indemnification agreements with the Company’s directors and executive officers. These agreements require the Company to indemnify these individuals to the fullest extent permitted under law against liabilities that may arise by reason of their service to the Company, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. The Company also intends to enter into indemnification agreements with the Company’s future directors and executive officers.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the federal securities laws, our directors and officers and any persons holding more than 10% of our common stock are required to report their ownership of our common stock and any changes in that ownership to the SEC on Section 16(a) forms. Specific due dates for these reports have been established, and we are required to report in this proxy statement any failure to file by these dates. Based solely on our review of copies of the reports on the Section 16(a) forms received by us with respect to the fiscal year ended December 29, 2012 and representations from the reporting persons that no other reports were required, we believe that all directors, executive officers and persons who own more than 10% of our common stock have complied with the reporting requirements of Section 16(a) and have filed all reports required by such section.
